OFFICER'S STATEMENT:

On 11/29/17, at approximately 0013 hours, I was on-duty, in uniform, working in my assignment as a Traffic Division Collision Investigation Bureau (CIB) supervisor, Unit 3915S3. I was monitoring several dispatch groups when I heard an officer in Western Patrol Division advise the dispatcher of "shots fired." The dispatcher advised the unit was 621K3 and they were located in or near the Kearny Mesa Recreation Center on Armstrong Street.

I began driving to that location as I monitored the rapidly unfolding situation on the radio. Ultimately, Officers Davis #7287 and Propati #7599, 621K3, pursued and apprehended two suspects at 3900 Marlesta Drive prior to my arrival at the scene. I proceeded to the original scene at the north end of the Kearny Mesa Rec Center (Ciotis Way) to assist until Western Division supervisor, Sergeant Myers #6221, could arrive on scene.

When I arrived on scene at 0023 hours, I was followed in by PISO Furbershaw #8861. As I parked south of the shooting scene on Ciotis Way, I asked A/Sgt. Perkins #5604 to advise PISO Furbershaw to shut down the entrance to the Recreation Center. There were four Western Division patrol officers on foot searching the Recreation Center parking lot for evidence. One of the officers had located what appeared to be a 9mm shell casing on the pavement. I asked them to mark it. I then asked the officers to start searching the surrounding grounds (grass) for additional evidence.

I surveyed the Recreation Center and determined the area was relatively inaccessible and there was no practical reason to cordon off the area at that time. I observed several, possibly five, empty beer bottles on the grass near where the shell casing was located and another empty beer bottle on the asphalt a few feet from the shell casing. I suspected they might have some evidentiary value and ensured they were not moved.

Sergeant Myers arrived a short time later and I briefed her as to what I had done and what I knew of the officer involved shooting at that point. I had been monitoring the radio traffic and was advised the suspects had crashed their vehicle at 3900 Marlesta Drive into a parked vehicle. As the on-duty Traffic supervisor, I advised the incident commander, Lt. Behrendt #4528, I would assist with the traffic collision report.

Sgt. Myers relinquished command of the shooting scene at the Rec Center to A/Sgt. Perkins. She and I then drove to the collision scene at 3900 Marlesta Drive. I spoke with Lt. Behrendt and we agreed a Traffic officer would respond to the scene for the collision investigation after IA and Homicide had completed their investigation and evidence collection. I then cleared that scene at approximately 0105 hours.

Origin/Officer's Statement:

On 11/29/2017 at 0009 hours, Officer Lee #6856 and I responded to cover Officer Davis #7287 and Officer Propati #7599 at the Kearny Mesa Rec Center. While responding to cover the officer's police dispatched advised them that the vehicle they ran was stolen.

Officer Davis advised police dispatch that they were with two individuals in the stolen vehicle. As Officer Lee and I responded Officer Davis advised police dispatch that shots were fired. Officer Lee and I arrived at 3900 Marlesta Drive. Jason Santana (Later identified) was sitting on the front of a patrol vehicle. Santana was waiting to be seen by paramedics for a gunshot wound to his left bicep.

Medic #36 arrived on scene and transported Santana to Sharp Hospital. I rode with the medics to the hospital, while in the ambulance I took digital photos of the injuries to Santana. While at the hospital I recovered Santana's clothing as evidence. Santana was treated by doctors and released. I transported Santana to Police Headquarters for further processing.

Officer Mariota #6753 relieved me at Police Headquarters.

Officers Statement:

On 11-29-17 I responded to an officer involved shooting at the Kearny Mesa Recreation Center at 3170 Armstrong St. While en route it was aired the officers had pursued the suspect in a vehicle to 3900 Marlesta St. It was also aired the officers had taken both suspects into custody. Since both suspects were in custody I responded to the original scene at the Recreation Center to attempt to locate any evidence.

Officers Rincon #7601, Reeves #7541, Noble #7533 and Zajda #7460 and I arrived at the recreation center and drove to the north lot. I directed the officers to search for any evidence related to the incident. While I was coordinating the search of the parking lots at the recreation center Officer Zajda advised me he had located a casing in the north parking lot.

I met with Officer Zajda and saw a single casing in the parking north parking lot. The casing was located on the pavement in the sixth parking stall from northeast side of the parking lot. Near the casing was a black latex glove. Directly to the south of the seventh parking stall there were five empty Ballast Point beer bottles in the grass and two empty Ballast Point beer bottles in the gutter.

Officer Zajda and I secured the scene until I was relieved by Homicide Detectives at 0350 hours.

EVIDENCE EXAMINED

SDPD Officer Jarrell Davis, #7287

One Glock, model 17 Gen4, semi-automatic pistol, chambered in 9mm Luger caliber, serial number: [REDACTED] with three magazines.

RESULTS AND CONCLUSIONS

The Glock pistol from Officer Davis was received with a seated magazine, the slide closed, the striker set, and a loaded chamber. The seated magazine contained [REDACTED] cartridges. One extra magazine contained [REDACTED] cartridges and the other contained [REDACTED] cartridges. All cartridges were consistent with Department issued ammunition. The capacity of each of the three magazines is [REDACTED] cartridges. The total capacity of the pistol with one cartridge in the chamber and a full magazine is [REDACTED] cartridges ("hot loaded"). This evidence indicates that a maximum of two cartridges could have been fired from this pistol. If a different number of cartridges had been loaded into the seated magazine, then a different number of cartridges could have been fired. The pistol was test fired and found to operate normally.

Details of all examinations are retained in the laboratory files.

DISPOSITION OF EVIDENCE

The firearm and magazines were returned to the Crime Scene Unit Gun Locker on November 30, 2017. The associated Firearms Processing Packet (barcode: 10820798) was released to the Property Room on November 30, 2017.

CRIME SCENE SPECIALIST: Lauren Ney
CRIMINALIST: Toniann Rebick

BACKGROUND:

On November 29, 2017, at approximately 0038 hours, Crime Scene Specialist Ally Southerland notified me about an Officer Involved Shooting. I arrived at 3900 Marlesta Drive at approximately 0202 hours, where I met with Homicide Team IV and Crime Scene Specialists Southerland and Ney.

Upon arrival I was informed of the following information:

SCENE BRIEFING:

Sergeant Mike Kellington informed us that at approximately 0009 hours, SDPD Officers Jarrel Davis and Joseph Propati located a vehicle parked on Ciotas Way, in the Kearney Mesa Recreation area located at 3170 Armstrong Street. The officers initiated contact with the occupants of the vehicle, Jason Santana and [REDACTED]. Following a brief conversation with the officers, the driver, Santana, backed the vehicle up in the direction of Officer Davis before turning and exiting the parking lot. Officer Davis fired one shot through the front driver's side window of the vehicle, resulting in a through and through wound to Santana's left bicep. The resulting pursuit ended with a traffic collision between the suspects' vehicle and a parked car in front of 3935 Marlesta Drive. A brief foot pursuit ensued before Officer Propati detained Santana near the side gate of the residence.

CRIME SCENE REPORT

Case #17-044614

Page 2 of 6

OFFICER PROPATI'S STATEMENT:

Officer Propati stated that at the time he and Officer Davis initially contacted the suspects, the suspects' vehicle's approximate location was facing south in parking spot #7. Officer Davis was standing on the driver's side of the vehicle, and Officer Propati was standing on the passenger's side. At some point during the contact, Santana closed the driver's side door, turned the steering wheel counter-clockwise, and reversed the vehicle towards the east. Officer Davis fired a single shot into the vehicle. The vehicle then began to drive forward, moving west towards the exit of the parking lot. (See Figure 1)

The subsequent pursuit ended in a collision between the suspect vehicle and a parked car. Santana exited the vehicle and jumped the fence into the backyard of [REDACTED] Marlesta Drive before following Officer Propati's commands to return to the front of the fence. Officer Propati located a firearm in Santana's front right shorts pocket, which he removed and placed on the ground for safety reasons.

OFFICER DAVIS'S STATEMENT:

Officer Davis stated that at the time he and Officer Propati initially contacted the suspects, the suspects' vehicle's approximate location was facing south in parking spot #3 or #4. Officer Davis said that he was standing on the driver's side of the vehicle when the vehicle reversed out of the parking spot towards him. Officer Davis indicated that he was standing on the driver's side of the vehicle's rear bumper when he took a shooting stance that was a left side lunge with his arms outstretched together in front of him, facing west as he fired one round towards the driver. (See Figure 1)

REPORTED INJURIES:

Jason Santana received a through and through gunshot wound to his left bicep.

On November 30, 2017, at approximately 0806 hours, I arrived at Northwestern Division Garage, where I joined Detective Weaver, and Crime Scene Specialists Southerland and Ney. Detective Weaver requested that I determine the trajectory through the suspect's vehicle.

CRIME SCENE DESCRIPTION –CIOTAS WAY (3170 ARMSTRONG STREET):

Ciotas Way is a street lined with parking spaces inside Kearny Mesa Rec Park. The street runs east to west, with the east end of the street ending in a cul-du-sac. Marked parking spaces were available on the south side of the street. These spaces were numbered by the crime scene specialists, beginning with the eastern-most parking space as number one, and continuing west. A disposable black glove and a cartridge case were located in parking spot #6. An apparent tire mark was located at the northern end of the dividing line between parking spaces #7 and #8. (See Figure 1)

CRIME SCENE DESCRIPTION –MARLESTA DRIVE:

Marlesta Drive runs north to south and is located in a residential neighborhood with single family homes on both sides of the street. A red Scion [REDACTED] was parked facing north along the east curb in front of [REDACTED] Marlesta Drive. The suspects' vehicle faced north with the front passenger side quarter panel impacted with the front driver's side bumper of the Scion. The SDPD vehicle (CA: 1413943) was parked facing north in the middle of the road in front of 3927 Marlesta Drive. The Rigarmi, model 1953, semi-automatic pistol [REDACTED] that Officer Protati recovered from Santana's pocket was located on the south side of [REDACTED] Marlesta Drive, in front of the backyard gate.

CRIME SCENE OBSERVATIONS:

Officer Davis and Officer Propati both indicated that the direction of fire at the scene was from east to west. The round terminated in the vehicle with no evidence of any intermediary objects outside of the vehicle. Since no additional trajectory information was available at the scene, the placement of the trajectory relative to the scene was unable to be determined.

Officer Davis and Officer Propati both similarly described their positions in relation to the vehicle; however, Officer Davis placed the overall location of the incident in an area of the parking lot further east than the location described by Officer Propati. Although the location of the trajectory could not be placed within the scene, the locations of the glove, the cartridge case and the skid mark are consistent with Officer Propati's location of the incident beginning with the vehicle in a location near parking space #7. (See Figure 1)

CRIME SCENE REPORT

Case #17-044614

Page 4 of 6

VEHICLE DESCRIPTION:

The vehicle was examined at the SDPD Northwestern Division Garage on November 30, 2017.

The suspects' vehicle was a black Acura TXS with paper plates and a tan interior. Apparent paint transfer was located on the passenger side of the front bumper and along the entire passenger side of the vehicle. The front passenger side tire was shredded and deflated. All four windows were closed, and the front seats were reclined back. One missile was located inside the front passenger side door.

OBSERVATIONS / TRAJECTORIES:

A bullet entry hole was located in the glass of the front driver's side window. A defect was located on the lower passenger side of the glovebox. A perforation was located on the interior panel of the front passenger side door. With the door in the closed position, the defect on the glove box and the perforation in the side door met and formed a single anchor point. It was determined that a single bullet traveled at a downward angle from the front driver's side window to the front passenger side door. (See Figures 2 and 3)

Officer Davis is 6 feet, 1 inch tall. Assuming Officer Davis did not hold his firearm above his head, he fired from a maximum distance of 11 feet, 4 inches away from the driver's side window. If Officer Davis lunged and held his firearm at shoulder height, as he demonstrated during his walk through, he would have been closer to the vehicle.

Firearms analysis of Officer Davis' Glock, model 17 Gen4, semi-automatic pistol [REDACTED] by Criminalist Laura Molyneux determined that Officer Davis could have fired a maximum of two shots. The presence of only one cartridge case, one missile, and one trajectory support both officers' statements that only one shot was fired, suggesting that Officer Davis may have under-loaded his magazine by one round.

CONCLUSIONS:

Officer Davis was positioned outside the rear, driver's side of the vehicle when he fired his Glock pistol one time into the front driver's side window. The bullet struck Santana in the bicep before becoming lodging in the front passenger side door panel. This trajectory supports both Officer Davis' and Officer Propati's statements regarding Officer Davis' positioning relative to the vehicle.

**Re: Non-fatal shooting of Mr. Jason Santana on November 29, 2017 by
San Diego Police Officer J. Davis; San Diego Police Department
Case No. 17044641; DA Special Operations Case No. 17-190PS;
Deputy District Attorney assigned: Fiona Dunleavy**

Dear Chief Nisleit:

We have reviewed the reports and materials compiled by your agency's Homicide Division concerning the circumstances leading to the non-fatal shooting of Mr. Jason Santana by Officer J. Davis on November 29, 2017. A District Attorney Investigator responded to the scene and was briefed by your officers. The completed case investigation was presented to the District Attorney's Office for review on June 1, 2018.

Summary

Officer J. Davis and his partner, Witness Officer 1 (WO1), were conducting a field interview of Mr. Santana and a male companion. Davis stood at the open driver's door of the car occupied by Santana while WO1 spoke with the passenger. Davis was informed the car was stolen via radio communication. As Davis acknowledged the communication Santana reversed the vehicle in the direction of Davis, then turned and sped away. Davis fired one shot through the front driver's side window of the car, resulting in a perforating wound to Santana's left bicep. The resulting pursuit ended with Santana crashing into a parked car. Santana ran toward a nearby residence before WO1 caught up to him. WO1 recovered a loaded pistol in Santana's right front pant pocket. Santana was transported to Sharp Memorial Hospital for treatment of the gunshot wound to his left arm. Santana was released from the hospital and was questioned by detectives. He was then booked into the San Diego County Jail.

Persons Involved

Mr. Santana was 20 years old at the time of this incident and a resident of San Diego. Officer Davis had been an officer with the San Diego Police Department for two years when this incident occurred. He was in full uniform and assigned to the Patrol Division.

Background

Mr. Santana and his companion were in a stolen 2009 Acura. Santana and his companion are documented and self-admitted members of the 'Westside Luni Mobb' criminal street gang. Santana and the companion admitted they were sleeping in the parked car, which was in the parking lot of a closed recreation center. Santana was in the reclined driver's seat. The companion was in the reclined front passenger seat.

Just after midnight Officer Davis and WO1 were checking the area of the closed recreation center's parking lot for potential criminal activity. They saw a lone car parked in the lot. Davis approached the car on the driver's side while WO1 approached on the passenger's side. Davis and WO1 illuminated the car's interior with their flashlights. They saw Santana and his companion appeared to be sleeping. There was an open bottle of beer in the car and several more empty bottles on the ground, next to the car. Davis opened the driver's door and WO1 stood next to the closed passenger's door. The engine was off and the key remained in the ignition.

Officer Davis saw drug paraphernalia in the driver door's compartment. Davis questioned Mr. Santana about a meth pipe but Santana did not reply. Davis asked Santana to keep his hands in sight. WO1 noticed the license plates were missing. Davis looked at the vehicle's identification number (VIN) and used his portable police radio to conduct a records search on the vehicle. Davis returned to stand next to Santana in the open doorway. The radio dispatcher broadcast the car had been reported as stolen. Davis replied he was with two individuals.

Officer-Involved Shooting

Mr. Santana reached forward and started the car's engine. Santana tried to close the driver's door while simultaneously placing the gear in reverse. Officer Davis attempted to reach out with his left arm and prevent the car door from closing while shouting at Santana to get out of the car. Davis un-holstered his pistol with his right hand and pointed it at Santana as the car was traveling in reverse. The driver's door remained open and struck Davis' back. Davis temporarily lost his balance and moved to a position out of the path of the escaping vehicle. Davis then fired his pistol once as he moved out of the way of the vehicle. Davis' round struck Santana in the left bicep. Santana sped away from the recreational center.

Officers Davis and WO1 got back into their patrol car and chased the stolen car. The officers temporarily lost sight of the vehicle but spotted it again and saw it collide with a parked car in a nearby residential neighborhood. The officers saw Santana run from the car while the passenger, remained inside. WO1 chased Santana while Davis detained the passenger. WO1 took Santana into custody and recovered a loaded semi-automatic pistol in the right front pant pocket of Santana's shorts.

Civilian Witness (CW) Statement

CW said he was a close friend of Mr. Santana's. CW has known Santana since they were children. On the evening of this incident, CW was dropped off next to the Kearny Park Recreation Center. CW saw Santana in a parked car. CW had never seen that car before. CW approached Santana and was offered a ride home. CW said the recreation center is a known hangout of the local Crips gang members. CW said, "we have no beef" with the Crips.

CW said he was very tired that evening and fell asleep in the front passenger seat of the car. CW did not know why he was so tired. He admitted to smoking marijuana earlier in the evening. CW said he (CW) did not consume any alcohol. CW said Santana was not consuming alcohol or

smoking marijuana while CW was with him. CW was awakened by the police officers and remembered being asked to keep his hands in plain sight. CW said he complied with the officer's orders. An officer asked if CW was armed with any weapons. CW replied he was not armed.

CW said he heard a gunshot. CW did not recall Mr. Santana's car backing out of the parking space. CW did remember the officers were in pursuit behind them. Santana kept saying, "I think they shot me." CW said he did not know if Santana was armed. CW thought Santana was going to pull over. Santana was driving a little fast and struck another car. Santana got out and ran. CW could not get out of the passenger door because it was being blocked by the car Santana crashed into. CW decided to remain in the car and was taken into custody by one of the officers. CW said he was not injured from the vehicle collision.

Mr. Jason Santana's Statement

Mr. Jason Santana said at the time of the shooting incident his probation had been revoked for previously being in possession of a firearm. Santana first said he found the car on the street. Santana then said he did not know who the car belonged to. Santana told detectives, "Someone said, 'here are the keys.' "

Mr. Santana fell asleep in the car and was awakened by the police officers. Santana knew he had a warrant for his arrest and he panicked. Santana admitted he had been drinking beer and smoking crystal methamphetamine that night. Santana told the investigators he was not very drunk and sobered up as soon as the officers appeared. Santana admitted to driving away. Santana denied trying to run the officer over with his car. He said he had no intent of hurting either of the police officers. Santana told the detectives his heart was pumping and he was just trying to get away from the officers.

After crashing the stolen car, Mr. Santana got out and ran away. He jumped over a fence. An officer told him to stop or else he would be shot. Santana placed his hands in the air and surrendered. The officer asked Santana if he was armed. Santana said, "I told him I had something in my right pocket." Santana said it was a small handgun he was carrying in his pocket.

Witness Officer (WO1) Statement

WO1 said he and Officer Davis were working together on the night of this incident. The officers noticed a lone car, parked in the lot of the closed recreation center with its lights turned off. Davis stopped the patrol car and the officers approached on foot. The driver and passenger appeared to be asleep in the car. Their seats were reclined and the engine was off. There was a beer bottle in the center console. There were a few more open containers of beer along the gutter side of the sidewalk. The beer bottle in the center console was the same brand of beer as the empty ones near the gutter.

Officer Davis and WO1 identified themselves as San Diego police officers. The driver's door was closed. Davis opened the door and began shaking the driver to wake him. The driver was completely reclined. WO1 walked to the front of the car and saw it had no plate. WO1 then walked to the rear of the car and saw it had a paper plate. WO1 told Davis to conduct a records search on the car's VIN. The passenger was slightly reclined. WO1 was able to poke him with a flashlight to wake him.

Officer Davis requested information on the VIN while WO1 tried to question the passenger. WO1 said the car's occupants were uncooperative. They acted as if they didn't speak English or they didn't hear him. The driver kept leaning forward. The passenger just kept looking at WO1 as if he didn't understand what WO1 was asking.

The driver was in a fully reclined position with both hands down by his pockets. The driver had cargo shorts on. WO1 said they tried to obtain some form of identification from them. Mr. Santana and CW declined to provide their names. Officer Davis kept telling Santana to keep his hands on his knees. Santana kept placing his hands down to his sides.

The police dispatcher announced the car was stolen. Officer Davis was in the process of placing gloves on, because the officers were going to take the driver and passenger into custody. As soon as Davis was about to place the gloves on his hands, Mr. Santana reached for the ignition. Santana started the vehicle and went to pull the door closed. WO1 stood at the passenger side of the stolen car. WO1 drew and pointed his weapon at the passenger and driver. They both had their windows down. WO1 gave them commands to stop the car and get out.

After closing the driver's door, Mr. Santana reversed the vehicle. Santana must have had the wheel turned in a counter clockwise direction because the front wheels came towards WO1 first. Santana turned right as he reversed. WO1 said he thought the driver was going to run Officer Davis over with the car. Santana was also trying to reach for something in the left pocket of his cargo shorts. WO1 backed up and took aim at the driver. Davis fired one shot as the vehicle sped away. WO1 ran to the patrol car and got into the driver seat. Davis jumped into the passenger side and the officers chased after the stolen car.

The officers lost sight of the stolen car, but were able to locate it and positioned themselves about two to three car lengths behind it. WO1 saw the stolen car veer to the right and crash into a parked car on the street. The passenger door of the stolen car was lined up against the parked car and could not be opened. WO1 saw Mr. Santana get out of the stolen car and start to run away. WO1 chased after Santana while Officer Davis took the passenger into custody.

Mr. Santana jumped over a white wooden fence. WO1 pointed his pistol at Santana and ordered him to get down on the ground. Santana was mostly compliant. He lay on the ground with his hands on his head. WO1 ordered Santana to jump back over the fence and Santana climbed back over as ordered. WO1 then placed handcuffs on Santana. WO1 asked Santana where his gun

was. Santana told WO1 the gun was in the right front pocket of his shorts. WO1 pulled the firearm from his right front pocket and set it off to the side.

Officer Davis' Statement

Officer Davis and WO1 were working together on the night of this incident. Their patrol area included the Linda Vista neighborhood. Davis said he and WO1 patrolled the area of the closed recreation center because it was known for drug activity. Davis said that park closed at sunset every evening, yet people would loiter there to use drugs.

Officer Davis quietly drove up to a black car parked in the lot. Davis illuminated the black car's interior. Davis and WO1 got out of their patrol car and walked up to the occupants. Davis saw there were two Hispanic males sleeping in the car. Davis approached the driver while WO1 approached the passenger. Davis saw open bottles of beer inside the car.

Officer Davis and WO1 knocked on the side windows of both sides of the car. The driver did not initially wake up, but the passenger woke up and seemed groggy and disoriented. WO1 began speaking with the passenger. The passenger was non-responsive. The driver, Mr. Santana, then woke up. Santana also appeared to be disoriented and was moving his hands around his waistband area. Davis opened the unlocked driver's door and began speaking with the driver.

Officer Davis was standing in the open doorway next to Mr. Santana who was seated in the driver's seat. Davis saw a marijuana pipe and a meth pipe with some white burned substance inside of it. The pipes were in the driver's door compartment. Davis smelled alcohol coming from the vehicle. Santana sat up. Davis instructed Santana to place his hands on his knees so Davis could keep them in sight. Davis asked Santana to tell him about the meth pipe. Santana did not respond. Davis reminded Santana to keep his hands on his knees so Davis could see them. Davis noticed Santana was dressed all in blue. Davis also saw Santana had the number 13 tattooed on one of his forearms. Davis suspected Santana was affiliated with the local Linda Vista Crips street gang. Davis asked Santana if he "banged," meaning if he affiliated with gangs. Santana did not reply.

WO1 walked to the rear of the car. WO1 could only see a paper plate. WO1 told Officer Davis to check the vehicle by running the VIN. Davis read the VIN aloud to the police dispatcher via his portable radio. Mr. Santana continued to lean forward in his seat toward the steering wheel. Santana seemed to be rocking back and forth and moving his hands down to his thighs. The police dispatcher then broadcast the vehicle was stolen and asked if Davis required assistance. Davis replied he needed no assistance and said he was with two subjects inside the car. Davis tucked his flashlight under his arm to facilitate placing gloves on his hands.

Mr. Santana lunged forward in his seat and started the car's engine, while simultaneously grabbing the driver's door to shut it. Officer Davis dropped the gloves from his hands and used his left arm to prevent the door from closing. Santana shifted the gear into reverse and

accelerated. Santana's car was backing out of the parking stall with Davis still standing between the open door and the driver's seat. The door hit Davis' lower back. The impact caused Davis to stumble. Davis was regaining his balance and was parallel to the back of Santana's car. Davis believed Santana was going to hit him or run him over. Davis fired his weapon once at Santana through the driver's side window. Santana's car continued to speed away.

WO1 ran back to the patrol car and Officer Davis jumped into the passenger seat. The officers pursued the stolen car and caught up to it. Mr. Santana crashed into a parked car and ran. Davis took the passenger into custody. WO1 caught up to Santana, took him into custody and recovered a loaded semi-automatic pistol from the pocket of his cargo shorts.

Investigation

The scene was secured and the investigation into the shooting was conducted by the San Diego Police Department's Homicide Unit. Crime scene photographs, crime scene reports, and body worn camera footage was reviewed. A trajectory analysis conducted by the crime lab determined that Officer J. Davis was positioned outside the rear, driver's side of the vehicle when he fired his Glock pistol one time into the front driver's side window. The bullet struck Mr. Santana in the bicep before becoming lodged in the front passenger side door panel. This trajectory supports both Officers Davis' and WO1's statements regarding Davis' positioning relative to the vehicle.

The medical staff of Sharp Memorial Hospital documented that Santana admitted to using methamphetamine at the time he was admitted. The pistol recovered from the pocket of Santana was a Rigarmi .25 caliber semiautomatic pistol, model 1953. The pistol was test fired and found to be operable.

Criminal Filing

On March 9, 2018, Mr. Jason Santana pled guilty to 69 PC (Use of force against a police officer). On April 9, 2018, Santana was sentenced to State Prison for three years.

Legal Analysis

This review was conducted pursuant to the joint protocol between this office and all San Diego law enforcement agencies calling upon the District Attorney to conduct an independent assessment of the circumstances surrounding the use of deadly force.

Under California law, peace officers may use deadly force to protect themselves from the threat of death or great bodily harm and to use reasonable force in making an arrest. California Penal Code section 835a allows an officer to use reasonable force to make an arrest and to overcome resistance by a person for whom he has reasonable cause to believe has committed a public offense. That section states the officer need not retreat or end his effort to make an arrest because of that person's resistance. Penal Code section 196 declares that homicide is justifiable when committed by public officers when necessarily committed in overcoming actual resistance in the discharge of any legal duty.

Chief of Police David Nisleit
San Diego Police Department
July 20, 2018
Page 7 of 7

In accordance with Penal Code section 196, peace officers may use deadly force in the course of their duties under circumstances not available to members of the general public. We are mindful, however, that certain limits on the use of deadly force apply to peace officers. The U.S. Ninth Circuit Court of Appeals, in the case of *Scott v. Henrich* (9th Cir. 1994) 39 F.3d 912, delineated those circumstances under which deadly force may be used:

[P]olice may use only such force as is objectively reasonable under the circumstances. An officer's use of deadly force is reasonable only if 'the officer has probable cause to believe that the suspect poses a significant threat of death or serious physical injury to the officer or others.' All determinations of unreasonable force 'must embody allowance for the fact that police officers are often forced to make split-second judgments – in circumstances that are tense, uncertain, and rapidly evolving – about the amount of force that is necessary in a particular situation.'" [Citations omitted.]

Irrespective of any laws applicable to situations where peace officers use deadly force in accomplishing their duties, the law of self-defense is available to any person. Homicide is justifiable in accordance with Penal Code 197 when resisting any attempt by a person to commit great bodily injury on or kill any person.

Conclusions

During this incident, Officers Davis and WO1 approached a car containing Mr. Santana and his companion. Santana understood Davis was checking on the car's status when he heard Davis recite the vehicle identification number. After hearing Davis acknowledge the police radio broadcast, Santana knew Davis had been told the car was stolen. Santana accelerated in reverse and hit Davis with the open door of the car. Davis temporarily lost his balance and perceived he was going to be run over by the escaping car. Based on the circumstances, it is apparent Officer Davis fired in self-defense. Davis therefore bears no criminal liability for his actions. A copy of this letter, along with the materials submitted for our review will be retained in our files.

Sincerely,

By:

SUMMARY:

On November 29, 2017, at approximately 0009 hours, Officers Jarrel S. DAVIS, ID 7287 and Joseph PROPATI, ID 7599 initiated field interviews in the parking lot of the Kearny Mesa Recreation Center located at 3170 Armstrong Street in the City of San Diego. Upon doing so, Officers DAVIS and PROPATI contacted two male subjects who were sitting in a four-door, 2009 Acura TSX, bearing paper plates, parked at the location. The officers later identified the males as Jason S. SANTANA (DOB: 06-26-1997), seated in the driver seat and [REDACTED] seated in the passenger seat.

During the contact, Officer DAVIS conducted a record check of the vehicle identification number (V.I.N [REDACTED]), which was affixed to the vehicle. Soon after, he learned the registered owner reported the vehicle stolen. When Officer DAVIS attempted to take SANTANA into custody, SANTANA shifted the car into drive, attempted to shut the door, and reversed the vehicle out of the parking stall.

The vehicle struck Officer DAVIS, which caused him to lose balance and stumble towards the rear quarter panel. Fearing for his safety and believing SANTANA was attempting to run him over with the vehicle as he fled the scene, Officer DAVIS drew his service weapon, a 9mm, Glock 17, and discharged one round into the vehicle through the driver side door.

The round struck SANTANA in the left bicep before he drove away from the scene. Officers DAVIS and PROPATI searched the area for the vehicle and soon located it in the 3900 block of Marlesta Drive where SANTANA and [REDACTED] crashed into a parked vehicle. A foot pursuit ensued for a short distance before officers took SANTANA and [REDACTED] into custody.

During a search incident to arrest, officers found a loaded .25 caliber semi-automatic handgun in SANTANA'S right front pant pocket. The officers also identified SANTANA and [REDACTED] as documented gang members of the "Westside Luni Mob Fuck Klowns" gang as well as learning they were both convicted felons. Additionally, SANTANA had three felony warrants at the time of his arrest.

INVESTIGATION:

On November 29, 2017, the Internal Affairs unit received this Officer Involved Shooting Special Investigation Case, 17-044614 for administrative review.

On January 10, 2017, Lt. Jason Weeden, ID 5563, assigned Officer Involved Shooting Case, IA 2017-1015 incident to Sergeant Brian Avera, ID 6266. Sergeant AVERA tolled this review pending the completion of the criminal investigation and prosecutorial review.

On September 10, 2018, at approximately 0926 hours, the Internal Affairs Unit received a letter from the District Attorney's office dated July 20, 2018. The letter, addressed to Chief David Nisleit, referenced the *"Non-fatal shooting of Mr. Jason SANTANA on November 29, 2017 by San Diego Police Officer J. DAVIS; San Diego Police Department CASE NO. 17044641; DA Special Operations Case No. 17-190PS; Deputy District Attorney assigned: Fiona Dunleavy."* The letter, signed by District Attorney Summer STEPHAN concluded that, *"Officer DAVIS fired in self-defense. DAVIS bears no criminal Liability for his actions."*

On September 18, 2018, Lieutenant P. PHILLIPS, ID 4882, reassigned this case from Sergeant Brian Avera to me for administrative review.

Upon reassignment, I received from Sergeant Avera the Special Investigation Notebook of Detective Mike Weaver of Homicide Team One. The notebook included seven (7) compact disks containing audio files, Body Worn Camera videos (BWC), photo files, video files of SANTANA and [REDACTED] interviews, Communication Division audio files, surveillance video, and Homicide holding cell video. The notebook also contained department reports (Case #17-044614/17-004464), interviews of police officers, witness interviews, crime scene photographs, lab reports, and Communication Division printouts related to incident #17110044899. Upon assignment, I reopened this investigation and reviewed the contents of the Special Investigation Notebook.

On October 23, 2018, I printed out the Firearms Proficiency Report for Officer J. DAVIS, ID 7268, which indicated his last firearm qualification prior to the shooting incident was on November 28, 2017. Officer DAVIS attended a mandatory department shoot on November 28, 2017, one day prior to the shooting incident.

Officer DAVIS' weapon was a Glock, Model 17, 9mm caliber Semi-Auto, [REDACTED] This is the department-approved weapon used by Officer DAVIS at the time of the shooting. Department range personnel last issued Officer DAVIS department-approved ammunition on November 28, 2017 after completing and passing the qualification shoot.

In actuality, the evidence indicated, and Officer DAVIS' homicide interview statement supports, that Officer DAVIS only shot one (1) cartridge. Each of Officer DAVIS' magazines have a capacity of [REDACTED] cartridges when fully loaded. In addition to one (1) cartridge loaded into the chamber of DAVIS' firearm, the total number of cartridges loaded is [REDACTED]

The evidence indicates that Officer DAVIS loaded the chamber of his firearm with one (1) cartridge. He loaded his seated magazine (A) with [REDACTED] cartridges, thus Officer DAVIS downloaded the seated magazine (A) by one (1) cartridge from capacity. Officer DAVIS loaded his magazine (B) with [REDACTED] cartridge, thus Officer DAVIS overloaded magazine (B) by one (1) cartridge from capacity. Officer DAVIS loaded magazine (C) with [REDACTED] cartridges, thus Officer DAVIS loaded magazine (C) to capacity. The total number of cartridges documented in the evidence report equals the number of cartridges loaded of [REDACTED]

Furthermore, Crime Scene Criminalist, Lauren NEY, ID 8476, further indicated that one (1) 9mm cartridge casing was recovered from the "sixth parking stall, west of the end of Ciota's Way" as noted in The San Diego Police Department Property Report itemization below:

#28 – One cartridge case with the head stamp "FC 9mm LUGAR."

On October 24, 2018, at approximately 1513 hours, I called the San Diego Police Department Range and spoke the Range Master Sergeant, Christopher SAROT, ID 4689. I reviewed Officer DAVIS' firearms qualifications history with Sergeant SAROT as well as the cartridge count as noted in Criminalist MOLYNEUX'S report.

Sergeant SAROT confirmed Officer DAVIS' last firearms qualification date before the shooting incident was November 28, 2017. Sergeant SAROT confirmed that the ammunition noted in the investigative reports were consistent with the department-approved and issued 9mm, Federal brand, 147 grain, HST, tactical ammunition. Sergeant SAROT also stated the total cartridge count of Officer DAVIS' loaded firearm, extra magazines, and fired cartridge were an acceptable number of rounds issued and not in violation of a department policy or procedure.

Sergeant SAROT further added that the loading of [REDACTED] cartridges into magazine (B) by Officer DAVIS could have posed a safety issue in the event Officer DAVIS had to conduct a reload. Sergeant SAROT explained that magazine (B) would not have seated properly, thus creating the potential for Officer DAVIS being unable to discharge his weapon.

On November 19, 2018, I concluded my administrative review of this shooting incident.

The interviews contained in the Special Investigation Notebook, were electronically recorded by the interviewing investigators, unless it is otherwise noted. The following are "in essence" synopsis of the interviews conducted. (For exact and complete details of the interviews, refer to the recordings.)

Subject officer interview of Jarrel S. DAVIS, ID 7287 by Homicide Team 1 Sergeant, Steve SHEBLOSKI, ID 5317:

On November 29, 2017, at approximately 0607 hours, Homicide Team 1 Sergeant, Steve SHEBLOSKI, ID 5317 interviewed Officer DAVIS. Officer DAVIS essentially stated the following during his homicide interview:

Officer DAVIS stated he was on duty working with a partner, Officer Joseph PROPATI, ID 7599, dressed in a police uniform, and both were assigned the 621K3 designator.

During their patrol, Officer DAVIS and PROPATI drove into the parking lot where the shooting took place, which the City has closed to the public at sunset. Officer DAVIS stated he is familiar with this parking lot as a place where criminal activity occurs.

Upon driving into the lot, Officer DAVIS observed SANTANA asleep in the driver seat and [REDACTED] asleep in the passenger seat of the parked vehicle. Officers DAVIS and PROPATI attempted to waken SANTANA and [REDACTED] several times until they finally awoke.

At this time, Officer DAVIS observed open containers of alcohol in the interior compartment of the vehicle. Officer DAVIS then began his contact with SANTANA while standing in between the driver side door and the interior compartment also described by Officer DAVIS as the, "V of the door."

While standing between the driver side door and the interior compartment talking to SANTANA, Officer DAVIS observed a white substance he believed to be narcotics and drug paraphernalia including a meth and marijuana pipe inside of the driver's door panel. Additionally, Officer DAVIS smelled the odor of alcohol emitting from the vehicle.

During the contact, Officer DAVIS observed SANTANA attempting to get up while continuously moving his hands and rocking back and forth in the driver seat. Officer DAVIS directed SANTANA several times to place his hands on his knees as a safety precaution.

Officer DAVIS further stated he observed SANTANA exhibiting characteristics of gang affiliation, which included wearing blue articles of clothing in a manner typically worn by gang members and what he believed to be gang-associated tattoos.

While Officer PROPATI was contacting [REDACTED] from the passenger side of the vehicle, Officer DAVIS conducted a record check of the vehicle's identification number. In doing so, he learned the registered owner of the vehicle had reported it stolen.

While furthering his investigation, Officer DAVIS continued to observe SANTANA making erratic movements by rocking back and forth towards the steering wheel and rubbing his hands and thighs, and attempting to reach into his right pocket while seated in the driver seat. Officer DAVIS further described seeing SANTANA, "trying to grab something in his pockets." Based on his actions, Officer Davis directed SANTANA several times to place his hands on his leg and sit back.

Soon after, Officer DAVIS was informed via police radio that the vehicle was stolen. Based on his findings and observations, Officer DAVIS moved to place SANTANA under arrest. Officer DAVIS then proceeded to put gloves on. In doing so, Officer DAVIS stated SANTANA, "Lunged forward, turned on the ignition to the car while simultaneously grabbing the driver side door to shut it."

SANTANA then shifted the vehicle into reverse, stepped on the gas, and proceeded to drive backwards, out of the parking stall. The driver side door struck Officer DAVIS, which caused him to lose his balance and stumble forward as the vehicle continued its movement.

Officer DAVIS responded by planting his right leg into the ground to regained just enough balance and move partly away from the reversing vehicle. Officer DAVIS stated that at this point, he feared for his life believing SANTANA would run him over and he would sustain injury or death.

Officer DAVIS drew his firearm, pointed it into the driver side window, and shot one (1) round into the vehicle in an attempt to stop SANTANA from running him over.

Officer DAVIS believed that if he did not act as he did it could have resulted in his death or the death of his partner Officer PROPATI.

Witness officer interview of Joseph PROPATI, ID 7599 by Homicide Team 1 Detective, Tracy BARR, ID 5533:

On November 29, 2017, at approximately 0324 hours, Homicide Team 1 Detective, Tracy BARR, ID 5533 interviewed Officer PROPATI. Officer PROPATI essentially stated the following during his homicide interview:

Officer PROPATI stated that he and Officer DAVIS contacted SANTANA and [REDACTED] who were both asleep in the vehicle parked in the Kearny Mesa Recreation Center parking lot shortly after midnight. Officer PROPATI observed a beer bottle in the center console of the vehicle. He and Officer DAVIS woke SANTANA, and [REDACTED] and identified themselves as police officers. They attempted to identify SANTANA and [REDACTED] but both refused to give their names.

During their contact, Officer PROPATI stated he heard Officer DAVIS direct SANTANA to keep his hands on his knees as SANTANA kept moving. Officer DAVIS conducted a records search of the vehicle's identification number while Officer PROPATI spoke to both SANTANA and [REDACTED]. Officer DAVIS and Officer PROPATI were both informed the vehicle was stolen via police radio. As upon learning of the vehicle's status, he observed Officer DAVIS begin to put on gloves preparing to take SANTANA and [REDACTED] into custody. At this point, SANTANA reached for the ignition, started the vehicle, and pulled the door closed.

Officer PROPATI drew his firearm and pointed it at SANTANA and [REDACTED] as he stood next to the open passenger side window. Officer PROPATI stated he gave SANTANA and [REDACTED] numerous commands to stop the car and get out of the car.

Officer PROPATI stated SANTANA drove the vehicle in reverse towards him first then SANTANA turned wheels right to run over Officer DAVIS while SANTANA was reaching into his pockets. Officer PROPATI stated he backed up and took aim at the driver as Officer DAVIS fired one (1) round before SANTANA and [REDACTED] sped away from the scene.

Officers PROPATI and DAVIS got into their police vehicle and pursued SANTANA and [REDACTED] for a distance before SANTANA struck a parked vehicle and came to a stop. SANTANA exited the stolen vehicle and ran away from the collision scene on foot. Officer PROPATI pursued SANTANA before taking him into custody.

During a search incident to arrest, Officer PROPATI found one loaded firearm in SANTANA'S right front short pocket.

Suspect interview of Jason SANTANA by Homicide Team 1 Detective, Tracy BARR, ID 5533:

On November 29, 2017, at approximately 0605 hours, Homicide Team 1 Detective, Tracy BARR, ID 5533 interviewed SANTANA at police headquarters. SANTANA essentially stated the following during his homicide interview:

SANTANA admitted that he unlawfully took the vehicle from a public street without granted permission from the registered owner. SANTANA further stated he did not know who the owner of the vehicle was. SANTANA admitted to using methamphetamine and drinking alcohol the evening of the incident. SANTANA stated he was on probation and that he had a warrant for his arrest. SANTANA also stated that he had a firearm in his possession when the officers contacted him.

SANTANA stated that when the officer (DAVIS) contacted him, he had to make a choice, "Either get caught with new charges or try and get away." SANTANA admitted to turning the car on and driving away from the officers. SANTANA recalled exiting the vehicle after it crashed, running from the officers, and jumping a fence before officers (PROPATI) took him into custody. SANTANA stated officers (PROPATI) later found a firearm in his pocket.

CONCLUSIONS:

The actions of Officer Jarrel DAVIS were **WITHIN POLICY** per San Diego Police Department Procedure 1.05 (Firearms Procedure), Section III, B, 2, dated June 20, 2017, which says in part:

B. No officer shall discharge a firearm in the performance of duty except:

1. During authorized training at a target range;
2. **When the officer has a reasonable belief that a subject (or animal) poses an imminent threat of death or serious bodily injury to the officer or another person;**
3. When necessary to apprehend a fleeing suspect if there is probable cause to believe the suspect has committed a felony involving the infliction or threatened infliction of death or serious bodily injury, and the officer reasonably believes the suspect is armed with a deadly weapon and the suspect's escape would pose an imminent threat to the officer or others; and,
4. As permitted by Department Procedure 6.09, Handling of Injured Animals.

The actions of Officer Jarrel DAVIS were **WITHIN POLICY** per San Diego Department Procedure 1.05, III, E, Firearms Procedures, revised June 20, 2017, states in part:

E. Motor Vehicles

2. Officers shall not discharge a firearm at an occupant of a vehicle unless:

- a. **The officer has probable cause to believe that the subject or the vehicle poses an immediate threat of death or serious bodily harm to the officer and there is no reasonable alternative for the officer to avoid the harm; or,**
- b. **The officer has probable cause to believe that the subject or the vehicle poses an immediate threat of death or serious bodily harm to other persons.**

3. Officers shall not knowingly position themselves in the path of a moving vehicle.

On November 29, 2017, at approximately 0009 hours, Officers Jarrel S. DAVIS #7287 and Joseph PROPATI #7599 initiated field interviews of two males asleep in a vehicle parked in the closed parking lot of the Kearny Mesa Recreation Center located at 3170 Armstrong Street in the City of San Diego. This parking lot is closed to the public every night beginning at sunset.

The two male subjects were in a four-door, 2009 Acura TSX, bearing paper plates. The officers later identified the males as Jason S. SANTANA (DOB: 06-26-1997), who was in the driver seat, and [REDACTED], who was in the passenger seat.

During the contact, Officer DAVIS observed open containers of alcohol in plain view within the interior of the vehicle. Upon further inspection, he also observed what he believed was a controlled substance and drug paraphernalia to include a meth pipe and a marijuana pipe.

Officer DAVIS conducted a record check of the vehicle registration number (V.I.N [REDACTED]), which was affixed to the vehicle. Soon after, he and Officer PROPATI learned via police radio that the registered owner reported the vehicle stolen. Upon learning of the stolen vehicle, Officer DAVIS attempted to take SANTANA into custody.

Officer DAVIS was standing directly next to SANTANA, between the open driver door and the interior compartment of the vehicle. Upon doing so, SANTANA leaned forward, shifted the car into gear, attempted to shut the door, and reversed the vehicle out of the parking stall.

Officer DAVIS, who was already standing next to SANTANA, was unable to move away from the vehicle in time before the driver side door struck him. Officer DAVIS lost his balance, but managed to remain on his feet and move partly away from the reversing vehicle.

Officer DAVIS feared for his safety and believed SANTANA was attempting to run him over with the vehicle as he was fleeing the scene. Officer DAVIS drew his service weapon, a 9mm, Glock 17, only feet from the moving vehicle and discharged one (1) round into the vehicle through the driver side door in response to his perceived threat.

Officer DAVIS stated the following during his homicide interview:

As DAVIS stepped up to the vehicle to place SANTANA under arrest, SANTANA turned on the ignition and attempted to shut the door while Officer DAVIS stood next to him and began driving in reverse. Officer DAVIS was unable to move away from the vehicle before the driver side door struck him. Officer DAVIS lost his balance and stumbled forward as the vehicle continued its movement.

Officer DAVIS stated he feared for his life believing, "It would be taken" by being run over. Officer DAVIS believed that if he did not act as he did it could have resulted in his death or the death of his partner Officer PROPATI.

SANTANA'S actions endangered the life of Officer DAVIS and Officer PROPATI, who was also in the immediate area of the moving vehicle. Officer DAVIS responded with deadly force. Officer DAVIS had to act immediately fearing he or his partner could have been seriously injured.

CALLOUT:

On November 29, 2017, at 0033 hours I received a text message from Lt. M. Holden directing me to contact all members of Homicide Team 1 to respond to 3900 Marlesta Drive to investigate an officer involved shooting that occurred at that location. I contacted the following personnel and directed them to respond to that location: Detectives T. Barr #5533, M. Weaver #6153, J. Zaldivar #5516 and A. Amado #5830 (relief). I also contacted the on-call Crime Scene Specialist (CSS), A. Southerland and Criminalist T. Revick to respond as well.

At 0128 hours, I arrived at the scene. I saw that the 3900 block of Marlesta Drive was blocked off approximately mid block to the west and at the intersection of 7300 Batista Drive to the east. There was yellow police tape blocking pedestrian and vehicle traffic from entering the crime scene. I saw a black 2009 Acura had crashed into a parked car at that location. I met with the rest of my team and prepared to receive a briefing from the patrol supervisor at that location, A/Sergeant M. Kellington #6384.

BRIEFING:

Once the homicide and lab personnel were assembled, A/Sergeant M. Kellington #6384 from Western Division conducted the briefing at 0207 hours and provided the following details:

On November 29, 2017 at 0009 hours, SDPD Officer(s) Jarrel Davis #7287 and Joseph Propati #7599 advised SDPD Communications that they were out on 11-51's (field interviews) at the Kearny Mesa Recreation Center located at 3170 Armstrong Street. Officers Davis and Propati contacted two persons that were inside a vehicle that was parked at that location. The two persons were drinking alcohol in the car. When Officer Davis conducted a VIN records check on the vehicle the two persons were in, he learned the vehicle was reported stolen. The vehicle was a 2009 black Acura TSX, 4-door with paper plates and a VIN of [REDACTED]. The two persons in the car were later identified as Jason Sanchez Santana (DOB: 6-26-1997) and [REDACTED]. [REDACTED] Santana was the driver of the vehicle while [REDACTED] was a passenger.

When Officer Davis attempted to take Santana into custody, Santana put the car into drive. Officer Davis perceived the driver was attempting to run him over so in response he discharged one round into the vehicle through the driver side door and struck Santana in the left bicep.

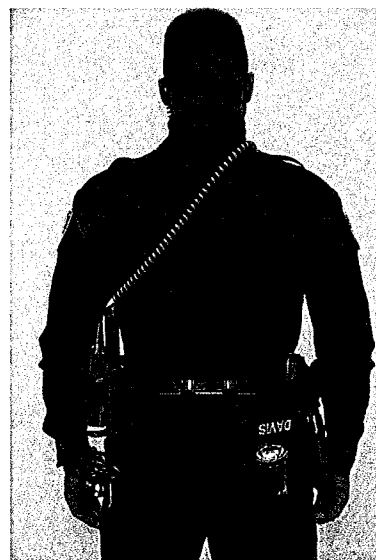

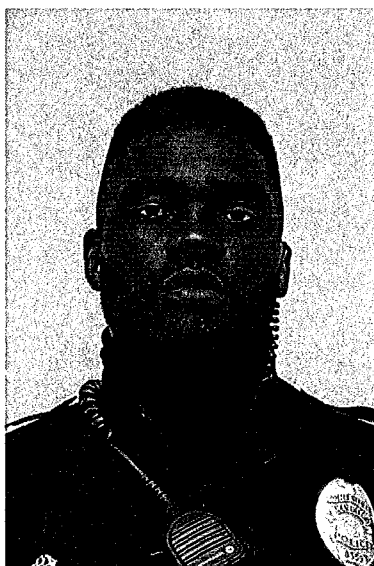

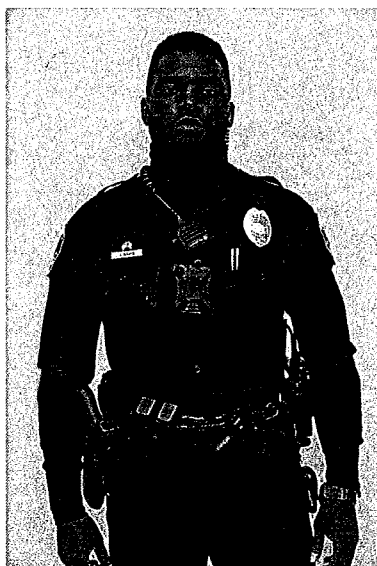

Officers Davis and Propati pursued the suspect vehicle to 3900 Marlesta Drive where the suspects ultimately crashed into a parked vehicle.

After the suspects crashed, they ran from the vehicle but were taken into custody after a short foot pursuit by Officers Davis and Propati. During the foot chase, Officer Davis apparently saw one of the suspects throw a firearm prior to being taken into custody.

Sgt. Kellington stated there were no civilian witnesses to the shooting and no other officers were involved or witnessed the actual shooting other than Officer Davis and Propati. Santana was transported to Scripps Memorial Hospital to be treated for his gunshot wound while [REDACTED] was transported to Western Division. Officer Davis and Propati also were standing by at Western Division as well.

The patrol briefing concluded at approximately 0220 hours. After completing the scene investigation, I assisted the detectives by escorting Officer Davis to the Crime Lab processing room so he could be processed by CSS E. Castaneda. The processing of Officer Davis consisted of taking 15 total photographs of his person. The processing began at 0650 hours and ended at 0654 hours. The following is sampling of photographs taken. Investigator's Report
Case #17-044614 (OIS – Spec. Investigation)
Case #17-044641 (245C PC)
Suspect: Santana, Jason
SDPD Subject Officer Interview

██████████ Santana was the driver of the vehicle while ██████████ was a passenger.

When Officer Davis attempted to take Santana into custody, Santana put the car into drive. Officer Davis perceived the driver was attempting to run him over so in response he discharged one round into the vehicle through the driver side door and struck Santana in the left bicep. Officers Davis and Propati pursued the suspect vehicle to 3900 Marlesta Drive where the suspects ultimately crashed into a parked vehicle.

After the suspects crashed, they ran from the vehicle but were taken into custody after a short foot pursuit by Officers Davis and Propati. During the foot chase, Officer Davis apparently saw one of the suspects throw a firearm prior to being taken into custody.

Sgt. Kellington stated there were no civilian witnesses to the shooting and no other officers were involved or witnessed the actual shooting other than Officer Davis and Propati. Santana was transported to Scripps Memorial Hospital to be treated for his gunshot wound while ██████████ was transported to Western Division. Officer Davis and Propati also were standing by at Western Division as well.

The patrol briefing concluded at approximately 0220 hours. At its conclusion, I met with members of Homicide Team 1 and lab personnel. Detective Weaver was identified as the case agent. Detective Weaver had responsibility for documenting the scene (with CSS Southerland and Ney) where the shooting occurred at 3170 Armstrong Street and where the suspects were taken into custody at 3900 Marlesta Drive. I decided the team and lab personnel would briefly walk from the location of the crash to where the suspects were taken into custody on the side of the house located at ██████████ Marlesta Drive to get an overview of that scene. We noted the location where Santana was taken into custody was in the side yard of ██████████ Marlesta Drive. There was a small .25 caliber semi-automatic handgun on the ground at that location.

It was determined as there were two scenes that we would interview Officer Propati at the scene of the shooting first, have him guide us through the path of the pursuit and then finally to the scene of the crash where Santana was taken into custody. Afterwards, we would conduct the safety walkthrough with Officer Davis at the scene of the crash (as the vehicle was there) and then at the location where the shooting actually occurred (3170 Armstrong Street).

At approximately 0440 hours, Officer Davis was brought back to the scene at 3900 Marlesta Drive in order to conduct a safety walk-through. Officer Davis explained his position when he fired his service weapon into the suspect vehicle. Officer Davis essentially stated he was positioned near the drivers side rear quarter panel of the suspect vehicle when he fired one round into the suspect vehicle. That round went through the driver's side window and struck the suspect driver in the left bicep. At 0456 hours, we conducted a second walk through with Officer Davis at the scene of the actual shooting, in the parking lot of 3170 Armstrong Drive. In addition to all members of Homicide Team 1, Crime Scene Specialists A. Southerland, L. Ney and Criminalists T. Revick

were present at 3170 Armstrong Street to document and collect evidence. Officer Davis indicated where he was standing in the lot (near driver's side rear quarter panel of the suspect vehicle) when he fired one round from his Glock 17, 9mm handgun at the suspect. That round struck the driver's side window.

Officer Davis elected to provide a voluntary statement and a decision was made to conduct the interview that night. On November 29, 2017, at 0607 hours, Lieutenant HOLDEN and I conducted an interview with Officer Davis. Sgt. Harberth was present as an observer. San Diego Police Officer Association (SDPOA) attorney Bradley Fields was present as Officer Davis's legal counsel. The interview I conducted was recorded in its entirety and the following is a word for word transcription of the interview typed up the Homicide Unit's Word Processing Operator Rebecca AGUILAR ID #8271. I have reviewed the transcription for accuracy to the best of my ability and it appears to be accurate.

INTERVIEW OF OFFICER DAVIS:

SS: Okay, so how about um, just tell me about tonight. The events that led you to, action, you contacted a vehicle with individuals in a park at 3170 Armstrong Drive. Ca you tell me about any, if you have any background knowledge about that location?

JD: Um hmm.

SS: And what led you to make the contact.

JD: All right. So today I worked, tonight I was working with King Unit, with my partner, Joe PROPATI.

SS: Okay.

JD: Him and I have been a King Unit throughout this whole watch. My sergeant thinks we work well together, so...

SS: Okay.

JD: I'm usually the driver, he's the passenger of the vehicle. During this time we were patrolling Beat 621, which is the Linda Vista area. It's right on the border of Northern and Eastern, depending on the side of the corner of where you're at. Right off of Mesa College and Armstrong there's a park back there that is primarily used during those hours when we've made the initial contact as a place. We call it a personal name that we give it is Lover's Lane cause there's a lot of sexual things going on back there. Drug things, big gang hangout. A lot of sleepers, transients. A lot of things happen back there between the parking lot behind Kearny Mesa Rec and in between that and the dog park.

SS: Okay.

JD: That is just, just to the northwest.

SS: Okay.

JD: So we usually go back there to clear out that parking lot because that park, that particular parking lot closes at sunset which usually is about 4:30, 4:45.

SS: Okay. I'm gonna hold you up right there. That...when you say the park closes at sunset, is it a, is it a violation of the law to be in the park after hours?

JD: Yes.

SS: Okay.

JD: So that would be a violation of signs that you're there. Sitting there in that park on...

SS: Is it San Diego Municipal Code or..?

JD: Yes. It's on a sign, it's on multiple signs that...

SS: Okay.

JD: are labeled in the park.

SS: Okay.

JD: Orange fluorescent on the, the lights.

SS: Okay. What time does the park close again?

JD: Uh it should be around sunset.

SS: Okay.

JD: I would say. So, so we used to go back there, contact people that are there after the park um and we usually enter the park from the southwest corner. Basically it's kind of going through the, initially through the park instead of going street side. Because through the street side you can see us from a little way. Usually people back up and get out of there. But usually we go, we enter through the southeast corner, through a park. We go through the park through a way where we're concealed by darkness. We turn on our lights and basically that gives us the vantage point to be able to see who we can contact prior to making contact. So it gives us the tactical advantage that way.

SS: Okay.

JD: Well tonight when we were going into the park, we entered through the same way, the southeast corner that we usually do. And the parking lot behind Kearny Mesa Rec. There's a parking lot there and then there is a big, basically a big, the big space. What would you call it? Like, kind of like a little valley in between there.

BF: I mean don't guess.

JD: Yeah. I, I don't know.

SS: Well maybe this will, according to the CAD printout is that you put out the stop at just nine minutes after midnight. Does that sound about right when you went into the park?

JD: If that's what the CAD states.

SS: Okay.

JD: Cause we always put out ourselves...

SS: Okay.

JD: Cause we always put out ourselves prior to...

SS: Okay.

JD: actually making them so...

SS: Perfect.

JD: to notify so people know where we're at. So if it says that, it's probably correct. So enter through the southeast corner. Drove up approximately maybe three to four feet from the car. Flashed the lights on them, on the car, that was sitting there and as we walk up, two Hispanic males were asleep in the vehicle as we first approached.

SS: And what kind of car was it?

JD: It was a black, four door sedan.

SS: Okay.

JD: I go there...prior to waking the, prior to waking these gentleman up, visually looked through the car with my flashlight because from my experience and training most people who are just being woken up whether they may be

intoxicated in a deep sleep or on drugs, they usually wake up and they have a violent stage of rage. If they have a weapon nearby, they'll pull out a gun. They'll try to point it at you. Things of that nature based on, with my, my training and experience.

SS: Okay.

JD: So we flashed it to look around and then we knock on the window.

SS: Okay now I'm gonna hold you up for a second.

JD: Um hmm.

SS: When you flash your light and surveil the interior of the vehicle, did you see anything of interest?

JD: I did not see anything of interest initially.

SS: Okay. No problem.

JD: So then as we knock on the windows on both sides, at, at this point in time my partner is on, he, he, made, he's making contact on the passenger side of the vehicle.

SS: Okay.

JD: The vehicle is now parked in stall which was identified when we went through the walk-through as stall #3 I believe.

SS: Okay.

JD: And it was facing southbound.

SS: Okay.

JD: Um, my partner, Officer PROPATI is now in the passenger side of the vehicle. I am on the driver's side of the vehicle. And after fiercely??? expecting me on the driver's side and him on the passenger side, we knocked on the window on both sides. The driver did not initially wake up. ??? 8:34, but the passenger woke up initially and seemed kind of groggy and disoriented. Things of that nature. As we got closer to the car where I can actually see inside the car, you can see bottles and cans, open containers.

SS: I'm gonna hold you up for a second. Bottles and cans. You mean open containers. Open containers of what?

JD: Alcohol.

JD: So alcoholic beverages that had been partially consumed and opened.

SS: Okay. Is that significant to you when you saw that? In the sense that...

JD: Well yeah. I mean it's significant in the sense that well that there's open containers in the car.

SS: Is that a violation of law?

JD: Yeah.

SS: Okay.

JD: They could be drunk in or about a vehicle. They could possibly be, if they get up and they drive away, they could possibly be Duece. So all of these things kind of had spiked my interest to continue the contact.

SS: Okay. One second. When you say Duece, do you mean driving while under the influence of alcohol?

JD: Driving under the influence of alcohol.

SS: Okay.

JD: So I'm unable to articulate that obviously, completely through the, through the door of the car while they're potentially asleep. So we're continuing to make contact with them. Passenger wakes up. He's uh, my partner is asking him questions. He's non-responsive. Kind of passive in his answers and things of that nature. I knock on the window. The driver wakes up. He, he wakes up kind of disoriented, moving his hands around his waistband area, so at that time I reached for the door to see if it's open. It's open and then I make contact, I'm standing in the "V" of the door.

SS: Okay.

JD: Looking in that ???10:05. And the, and the driver's side door panel, the handle on the inside where the driver would have access to.

SS: Yes.

JD: There's a, a marijuana pipe, and then there was a meth pipe with some, a, a white substance inside in that panel right there.

SS: Okay. I'm gonna slow you down for one second here. So when you see, when you saw the meth pipe and the marijuana pipe, if you could briefly tell me just what training and experience you have in, in recognizing those items. Do you have prior training you received, or any prior arrests you made, or anything like that?

JD: Uh based on...prior to working in Linda Vista, I worked in uh Hillcrest for about a year, and contacting transients. I've had a lot of transient contact and most of the transients that I contact not only, they're not the only ones that have meth pipes, but uh they have a lot of drug paraphernalia.

SS: Okay.

JD: That was, so my initial uh prior to training, being in a FTO, uh training environment, when I got into the field on my own...

SS: Okay.

JD: contacted many various, probably over thirty, forty transients that all had the same significant drug paraphernalia....

SS: Did you...

JD: that being...

SS: Okay. Slow down a second. Did you receive training in the Academy on narcotics identification and ??? 11:23)?

JD: I did.

SS: Okay.

JD: Yes, yeah.

SS: So you recognize this, you recognize these items in the door handle as clearly being a meth pipe and a marijuana pipe?

JD: Marijuana pipe, yes.

SS: Okay. Continue on. What else did you, what else happened? So you're saying that you see these items of drug paraphernalia?

JD: Yeah.

SS: Doors open. What else do you see?

JD: So at that point in time, I'm still standing at the, in the "V" of the door. I asked him, "Hey, what, what's up with the, what's up with the meth pipe and stuff? Get no answer. At this time I'm telling the driver, "Hey, put your hands on your knees." Cause if it's not up here, it's down here. He's kind of moving it. So I tell him about four to five times, "Put your hands on your knees." Just for me proper safety protocol. I want to be able to see the hands. If they're generally where I see

them, there's no misconception. I created an environment where he knows where I want his hands to be and if they're anywhere else, then, you know...

SS: Okay.

JD: we can address it then. So he's continuing to move. He's continuing to move around. I get him to put his hands on his knees. At this time my partner walks from the passenger side vehicle where he's, where he's contacting the passenger, to the rear of the vehicle where the trunk is located, uh, um trying to look for a plate in which he doesn't see an actual plate, but in place of a plate he sees some type of paper plate that he's unable to read. He then walks back to the passenger side of the vehicle and lets me know, 'It's a paper plate. We'll have to run it with a VIN.'

SS: Okay.

JD: I step from the "V", he, so he's back as my cover officer, I step out of the "V" of the door and walk around the driver's door. So now I'm just to the right of the, of the hood of the vehicle in sight of the VIN.

SS: Okay.

JD: So now I'm standing through so I can see the driver through the, through the driver's windshield as I'm reading the VIN. I go on the radio. On the camera you'll see me going on my radio and my BWC is placed right under my radio. So you'll see my hand blocking it in the video, but during that...

SS: Did you have something Brad?

BF: But before you go on the radio, did you observe anything about the uh, the driver's...

JD: Person?

BF: On the person of either the driver....

JD: Yes.

BF: Or the passenger?

JD: Um, after acknowledging and the drug paraphernalia that I seen, um and then also some containers prior to that, what I noticed was some uh, I noticed the color of the clothing and some type of gang tattoos. Um the reason how I know it's gang tattoos is cause for the last year and a half I've been working in Linda Vista. Linda Vista has the "Linda Vista Crips" and they have other associated gangs in that area. So I've made, I've, I'm able to identify by not only uh the color of their clothing, but gang tattoos, different monikers and things of that uh, wearing blue. Association with the "Crips" and um, they're on their 4th. I'm able to associate them or believe at that point in time.

SS: Okay.

JD: I don't have actual knowledge, but believe by inquiring that he uh was a gang member. So I...all blue, u m all blue Cortez?? with blue laces. Blue and white checkered pants and, and the t-shirt. So I asked them, that was one of the main...

SS: One thing. And did you see, you said tattoos? Did you...?

JD: Yeah, yeah, so he had gang affiliated uh tattoos on his, on his forearms and then uh words on the back, on the outside of his hands.

SS: Do you remember what they, they said or...?

JD: I think one looked like it said "13" on it.

SS: Okay.

JD: Which is like the Linda...it, it would be a Mexican gang, a Mexican "Crip" gang and uh, and uh Linda Vista which would be associated with that.

SS: Okay.

JD: So not only does he have the, the tattoos, he's wearing the colors as well. And when I asked him, "Hey do you bang?" or anything like that, he kind of hesitated. Didn't answer. I asked the other, I asked the uh passenger, "You bang too?" He was just like, "No, I don't bang." And then when I told him, "Well you know what it means for two gang-bangers to be the in car together", they kind of grimaced and was just like...

SS: Okay. So let me just get this real quick, so from your experience or training you received when you refer to talking to someone about them banging, that it would be, is that common street slang in reference to...

JD: That would, that would be...

SS: someone being affiliated with a gang?

JD: Yes sir.

SS: Okay.

JD: Yes. So um, so basically the, the as we call it they were wearing the gang uniform and that being, whether it be symbols, colors, or having it tattooed on their skin. Those type of things was, it kind of sparked my interest as well, aside from the drug paraphernalia and aside from the open containers in the vehicle.

SS: Okay.

JD: So my partner also noticed a paper plate after that and notified me of that, which because we didn't have a plate I ran the VIN. So in the video you'll see me asking Dispatch for the VIN, but my hand is covering up the, the camera at that time. But during that time and you'll see as I take my hand off the video, the driver is up like this but prior to that...

SS: Okay. I'll have to slow you down. So, you're, you're demonstrating that he's leaning forward from a, from a more reclined position to his face would be, he's more crouched over, chest forward, towards the steering wheel.

JD: Towards the steering wheel. And basically outside of the original position that I directed him multiple times to be in which was sitting back with his hands on his knees.

BF: And, and you just made a comment about your hand covering your video. I just want to be clear. Why was your hand in front of the, the, when you say video, you mean the BWC. Why was your hand in front of your BWC?

JD: That my hand was in front of my BWC accidentally due to its positioning on my, on my uh, my vest.

SS: Okay.

JD: So it's directly right under my mike. So when I accessed my mike, it partially covers the BWC with my hand. It was not done intentionally.

SS: Sure. So just for the, to summarize, you're, you're dressed right now as you were dressed in the field at the time of this, this particular shooting?

JD: Yes. Nothing has changed, so...

SS: Just describe for the recording your body worn camera is basically above your sternum.

JD: Um hmm.

SS: And directly above it is your radio. And essentially when you were running the VIN and putting out the stop and using radio traffic, your hand inadvertently covered the body worn camera at times because you're manipulating your radio for official purposes of running the VIN?

JD: Yes sir.

SS: Cool. And I want to summarize real quick cause we got a lot going on.

JD: Yes.

SS: So at this point okay when we're running the VIN, because of how this individual is dressed, tattoos that he has that were indicative of gang membership, do you suspect that him and the passenger were potentially gang members?

JD: Yes.

SS: And based upon the paraphernalia that you saw on the vehicle that was indicative of meth use and marijuana use, those are violations of, of the law...

JD: As was...

SS: and you...let me continue, and you were investigating that as well. And now we've moved on to that the plates, there's no plates on the car, and you've moved on to an investigation to determine the valid registration on the vehicle?

JD: Yes.

SS: Is that correct?

JD: Yes.

SS: Okay. Just to summarize and get caught up. So okay from this point you run the VIN through the, for the front windshield and the driver's leaned forward?

JD: And the driver is leaning forward. But not only is he doing that, he's kind of rocking and he's, and he's rubbing the outside of his thighs. The left hand, outside of the left thigh. The right hand, outside of the right thigh of his, of his flannel shorts.

SS: Okay.

JD: So he's kind of rocking backing and forth and then what he'll do is he'll bring his hands into a small fist under his chin and he's leaning forward towards the wheel at this time.

SS: Did that have any significance to you?

JD: Uh it has significance to me and due to the fact that one, he was directed to keep his hands, to sit back and keep his hands on his legs. Um, just based off of officer safety alone and to me it, to me the body language gave the premise as if he was about to do something. He was about to make some type of move and he was positioning himself into um the best, the best opportunity to act in which he later, he later did.

SS: Okay.

JD: So uh at this time I'm in the middle of running the VIN and I'm accessing the mike but looking over to my partner, giving him basically the eye like, hey can you watch this guy cause he's, he's really starting to shimmy and move around now, and grab at his pants. And he seemed like he's trying to grab at something inside his pockets, but he can't fully access it and he's continuing to try it. So after

I run the VIN I walk back around to the “V” of the door and he kind of, he kind of sits back like this and then Dispatch notifies me that the vehicle was 37Victor, stolen, registered stolen vehicle. And asked me if I needed any units. I notified her that I was Code 4 with two and as soon as I...and at that time as I put my flashlight under my arm to access gloves to contact them, it was at that point in time not only do they have paraphernalia, not only do they have open containers, not only are they in the park after hours, but they're also in a stolen vehicle. So as I'm preparing to make contact...

SS: I'm gonna slow you do for one second. At this moment in your mind, what is, what are you...?

JD: They are under arrest.

SS: Okay. So you're preparing to make an arrest at this point?

JD: I'm preparing to make an arrest.

SS: Okay. For the things that you just stated?

JD: For all the things I've stated.

SS: Okay. And you're putting on the gloves in preparation of, of actually...

JD: Making contact.

SS: physically making contact. Okay.

JD: Contact. To get the driver out of the car.

SS: Okay.

JD: Safely and then to get the passenger. And as, and as I'm doing that, the driver lunged...he's already still in that crouched position. Lunges forward, turns on the, he lunges forward, turns on the ignition to the car while simultaneously grabbing the driver's door to shut it. At that time I dropped the gloves that's in my hand. I used the arm that had my flashlight in which is my, it's my off hand. My left...

SS: Your left hand?

JD: it would be my left hand cause I'm right-handed. And I blocked the door and opened it back up so I can maintain position to control him if I have to. At that time he, he changes. He uh shifts the car into reverse, and he's, and he, and he puts his foot on the gas and starts to back out of the, the stall. The number three stall. But while he's backing out of that number three stall, I'm still in the “V” of the door. So as he backs out at a high rate of speed, the door hits me in the rear. In the rear just above, just above my buttocks. On my buttocks and just above. And it kind of causes me to stumble. So as I'm stumbling towards the rear of, towards...as we're going parallel to each other, and I'm stumbling, he starts to backup right as...to a point where I'm beginning to catch my balance. In my, in my opinion failure to, to catch my balance or act would have led to great bodily

JD: Okay.

SS: So he starts the vehicle?

JD: Yes.

SS: And he's trying to shut the door on you?

JD: Yes.

SS: As he's trying to shut the door...

JD: I stop him with my left hand.

SS: You stop it with your left hand and, but the door ends up hitting you and knocking you off balance. It hits you on the back side?

JD: Right.

SS: Knocks you off balance. You start beginning to stumble forward. The vehicle's moving backwards?

JD: Yeah, yeah. It's turning, it's turning backwards towards...

SS: Okay.

JD: so now it is reversing. It's reversing and starting to, to turn out at an angle where I, I will be behind it if I continue to stumble or possibly fall.

SS: Okay. And so at this point in your mind, do you feel fear?

JD: Yes.

SS: And what are you feeling afraid of?

JD: That I will possibly, that I will be hit or ran over by this vehicle.

SS: Okay. So in response for fear that you're gonna be struck by this vehicle and run over, what did you do in response to that?

JD: In response to that, I was able...I was able to take, one, I planted my right leg into the ground.

SS: Okay.

JD: To regain my balance just enough to, to step partly out of the way of the car.

SS: Okay.

JD: Discharge my firearm and, and I shot one round through the passenger side, uh through the driver's side window.

SS: Okay. Slow you down right there.

JD: Right.

SS: And the purpose for firing that one round through the driver's side window of the vehicle was what?

JD: Was to stop the driver from possibly running me over.

SS: Okay. And at that moment when you discharged your firearm, were you in fear?

JD: I was in fear.

SS: And what were you in fear of?

JD: I was in fear that my life would be taken.

SS: Okay.

JD: I was in fear of great bodily injury or harm or death.

SS: Okay. And then what happened next?

JD: Um after the shot, the driver put the uh...as I just stepped out of the way um the car kind of shimmied back. You, it kind of made the movement just as when you, when you make a hard stop and you shift as the car kind of rocks. Momentum and then it took off um going uh, going westbound out of the parking lot and it went all around the corner. Got back on Armstrong Street and then we, and we actively pursued them and the pursuit after I ran back to the car.

SS: Okay. I'm gonna ask one follow up question real quick before you go. In the time that it took from when he started the vehicle, began to shut it on you, it hits you. You lose your balance. how much time elapsed if you remember? Was it just seconds?

JD: I mean, we're talking...it's seconds. I mean it, it was quick.

SS: Okay.

JD: Because the time, the time it...he, he um turned the car on and started to back up, it seemed like it wasn't even a second.

SS: Okay.

JD: And the time that I got hit and I started stumbling, I'm seeing the car come back to me, and, and that whole time frame it probably was about, I mean I couldn't guess, but if I had to, maybe two seconds.

JD: Yeah. Very fast.

SS: So the vehicle pursuit ensues and what, what happens next?

JD: Uh, we uh, my partner at that, at that point in time my partner runs back. He was, he put something on the radio that a shot has been fired. He runs back to the vehicle and he gets into the driver's seat. Cause prior to this I told you I was the driver. I hop into the passenger seat and I start to air the description, the last uh, uh the last scene location that we were in. And I was just giving all the prior updates as we come to the...as we're driving. At this point in time, the car kept going at a high rate of speed through a school zone. It is swerving and it is failing to stop at stop signs. And it's also um changing lanes, going in the wrong direction. I mean multiple traffic violations um to the extent of felony evading.

SS: And how many stop signs do you think they went through without stopping? Do you remember?

JD: That is a heavily residential area. As, as you're going into I guess that would be Northern Division at that time, that is not only a school, um, um a college. A community college, but it was also a very condensed, a heavily residential area. So they probably would have ran possibly four or five.

SS: Okay.

JD: Especially in the distance that we'd gone to the location where they initially stopped. At least four or five.

SS: Okay.

JD: Um...

SS: And let me ask you this. When you say a residential area, what would be, do you...are you aware of what a speed limit would be in a residential area?

JD: Twenty-five.

SS: Do you have any estimate how fast they were going?

JD: They had to be going about fifty.

SS: Okay.

BF: What's your again, best estimate?

JD: But I'm not sure.

Cross talk.

SS: That's fine.

JD: Um, uh about fifty. Um...

SS: So you pursue them?

JD: So we pursue them and we pursue them through the school, through the neighborhood. I'm not exactly familiar with the streets because that is a different, that is a different division. Um, but as we, as we're coming around the corner and we're actually catching on them they kind of cut off a PT Cruiser and the driver kind of points it out to indicate that, that they're that way. As we come down to the location where we actually um got them into custody, the driver pulls to the right, pulls to the right and hits a parked vehicle. It's a burgundy Scion. He hits the vehicle, exits the driver's side, runs behind the trunk of his vehicle and runs to a residence. To a uh, to a residence that I aired. The second residence that I aired and attempted to hop over the fence and actually got into the fence until my partner actually got to him and made him get back, um, get from over the fence and he, he detained him. I at uh, initially started to chase the driver, but then remembered just based off training, just kind of kicked in and I know that sounds clichéd but it literally kicked in and I realized I had to clear the vehicle. At that time the passenger was a heavy set Mexican male was attempting to get out of the vehicle, but he was pinned in due to the fact that the driver hit the parked vehicle on his side.

SS: Um hmm.

JD: And I went to the driver's side vehicle, uh ordered him to get out at gunpoint. He got on his stomach. Put him in custody and I uh, and I detained him on the, on the driver's side uh rear of my patrol vehicle.

SS: Okay.

JD: And then I helped my partner uh at the residence. After making the, the driver jumped back over the fence we uh detained him there. In the right cargo pocket of the driver uh, in the same area in which he was rubbing on, on the outside of his leg was what I believed to be a .22 uh, a .22, uh some type of firearm that probably shoots about .22 rounds and it was in that right cargo pocket.

SS: Okay. You mean a .22 caliber?

JD: .22 caliber, yeah.

SS: Okay.

JD: Um and...

SS: Did you see the officer take it out? Your partner?

JD: I saw my partner. I saw my the, the actual suspect was saying, "Hey I got a gun. I got a gun. It's in my right pocket." My partner asked him where it was. He, he told him where it was. He pulled it out and he set it on the ground, um, and then we, I, I helped him cuff him up and then we sat him in the front of the vehicle to keep them apart.

SS: Okay.

JD: Uh, so...

SS: And then essentially did you guys remain there until other officers arrived?

JD: Yeah. We just remained there. Uh, I aired, I got the, the address from um, a Hispanic female that was standing on the, on the side. I asked her what was the address. She told me it what it was. I aired it and she seemed to have known the two suspects. She was calling them by name saying, "Just shut up. Follow their directions. Listen. You guys are so dumb."

SS: And where, where did this, this particular female live?

JD: On the, um she, she lives probably I'm gonna say on the east side of the street, um directly across from that target house that we arrested the driver from.

SS: The driver, from where the (Inaudible 29:06).

JD: Yeah, so directly across the street.

SS: Okay.

JD: And she was calling them by name, like "Get out that, get out of the car. Stop acting stupid. Get down. You're gonna get hurt." So apparently it wasn't a coincidence that they may have ended up on that street. Possibly they knew where they were going.

SS: Okay.

JD: And we were just able to contact them during that time.

SS: Is there anything in this interview that we haven't covered that you would like to add that you feel is important?

JD: Umm...

BF: If you can think of anything?

JD: Uh no. I guess the only thing that I, that I can say that I'd be willing to say that I truly believe in this situation that my failure to act in any way, let alone the way that I did, could have possibly resulted in my death or my partner's death or anything. And that I was, and I had to act based on that situation. Failure to do so um, I mean could have potentially ended my life by, by way of uh, uh, of the vehicle running me over, based on how I was initially hit.

BF: And you mean act, essentially you were talking about discharging a fire, discharging a round in the vehicle?

JD: Yes sir.

SS: Okay. Mr. FIELDS?

BF: No sir.

SS: Lieutenant HOLDEN sir?

MH: Yes. Just to clarify, what part of the car hit you?

JD: The door, the inside of the driver's door.

MH: Okay.

JD: So, if this was that...if this and for the record I'm indicating where the car was using the table.

MH: Right.

JD: And the chair, and the chair being the car door, I was standing in the "V" of the door.

MH: Gotcha.

JD: So when he tried to shut the door initially after starting it, I opened it all the way up again. And then when I opened it from him trying to shut it, when he reversed, it hit me in the back so I stumbled, I stumbled here. And as the car, and the car at this time started to reverse into me. And then I managed to step out and just put one down, just, just outside.

MH: Okay.

BF: I understand.

MH: Just so I get a, try to describe what you did as, as we're uh, we're sitting at a table here in the Homicide Conference Room. You used the table as the vehicle. You used the uh, the chair to represent an open driver's door.

JD: Um hmm.

MH: You position yourself between the chair basically and the table. So you're in that "V" there. Um and uh, and uh please correct me if I misrepresent this but uh as the car backed up, you got caught into that "V". Uh you also used your, one of your arms to keep the door from closing because he was trying to close on you at one time?

JD: Yeah so prior to being caught in the "V".

MH: Right.

JD: He tried to close the door after starting the ignition.

MH: Okay.

JD: So by me opening the door back at full length, I was back in the middle of the...I was back, positioned back in the middle of the originally.

MH: Okay.

JD: I regained my balance as he was reversing in a position where he was planning to exit the scene.

MH: Right.

JD: And just as his vehicle was, was going to collide with me, I managed to step out of the way and put one round in the driver's side.

MH: Okay. So the uh, the, the only impact uh, what, it was the inside of the driver's door?

JD: Um hmm.

MH: Um to your, what part of your body was that?

JD: Like the, the right side, like the left side of my hip buttocks and lower back area.

MH: Okay. And was that after you uh, uh...

JD: Opened it back open.

MH: tried to keep the door open basically?

JD: Yes sir.

MH: He never got a shot on you?

JD: He never completely...

MH: Okay.

JD: he never completely got a shot. So me grabbing it back and opening it back.

MH: Um hmm.

JD: uh helped me to regain my original position...

MH: Got it.

JD: inside the “V” of the door.

MH: Okay.

JD: As he tried. And this is after he, he tried to shut it and simultaneously started the car at that point.

MH: Right.

MH: Okay.

JD: So, and then if I was unable to regain my balance with one step, just being able to hop out of the way, that car would have hit me on the other end. So there would have been two contacts instead of one.

MH: Okay. That other part of the car, what, what other part of that car did you believe was going to hit you?

JD: Probably, I want to say the, the driver, the rear driver's side. Uh, maybe over that left, maybe the light right there, or over that left wheel. So basically the, the rear driver's side behind the door. Um, behind the driver door just in that, in that tire region around between the, between the light and the tire region of the, of the, of the sedan.

MH: Would that be the uh, the rear driver's side light?

JD: Yes.

MH: And then the uh rear driver's side wheel?

JD: Yes.

MH: Okay. Uh in that general area?

JD: Yes sir.

MH: You felt that that, that, that was what was going to be the next impact on you?

JD: That would have been...

MH: Okay.

JD: the next impact,,.

MH: Gotcha.

JD: if I was unable to step around and I did.

MH: Okay. Okay. Um, in...when we did the walk-through at, at the park.

JD: Um hmm.

MH: When we went there, we placed a cone down where uh, on the ground. Would you say that was an accurate representation of where you were at um at the time of the shooting, or and if, if it's hard for you to...

JD: Yeah. I would not be able to say it's an exact accurate, um because where, why I initially showed you?

MH: Right.

JD: At the scene where we arrest him, and where we actually first made contact was two different scenes.

MH: Right.

JD: So I wouldn't be able to be, that accurately put myself in that position where the cone was, so I, I wouldn't be able to say that is exactly accurately where I was.

MH: Okay.

BF: A reasonable estimate as best you could.

MH: Good. Did you actually see the, the car crash or...

JD: Yeah we saw it.

MH: did you come up onto it?

JD: As, as we, as we came around the corner and were driving, just as he hopped out, he, he crashed right before. As we came around the corner, he crashed right then and there. Got out and then, and then ran. So that's how he, that's how he was able to get to the fence prior to us cause he crashed as we were coming around the corner. So we actually saw him hit the parked car.

MH: Okay.

JD: And then he, he exited the driver's side.

MH: Okay.

JD: And ran behind the car to a fence.

SS: I have one clarifying thing. At some point after the arrest, did you end up uh finding identification or were you able to identify the two individuals in that car or not?

JD: No.

SS: Okay.

JD: And, and that was one thing too. In the initial contact when I was trying to identify, "Hey do you have any driver's license or anything like that?" "No. I have no identification. I have no driver's license." So even in the fact that he didn't have a driver's license, that would be, that would make the car towable just for the fact that he didn't have any driver's license as well. So we were unable to receive anything. They were very passive/aggressive. Not giving us much information. Not telling their names. Kind of playing the name game.

SS: Okay.

JD: No sir.

MH: So first time you've ever seen either one of them?

JD: Yeah. Yeah. I don't recognize them or that vehicle in, in any type of uh incidents in the beat. And I've been working there for about a year and a half now.

MH: Okay.

JD: So I usually contact a lot of those, a lot of those individuals, cause there's just, there's only so many spots where they hang out. And that's a primary one. So that's why we usually try to get around their first so.

MH: Okay. That's all I have.

SS: Okay. It is 6:44 in the morning and that will end our interview.

SUBJECT INTERVIEWED

CALLOUT:

On November 29, 2017, at 0035 hours, I received a text message from Sergeant S. Shebloski directing me and the other members of Homicide Team 1 to respond to 3900 Marlesta Drive to investigate an officer involved shooting that occurred at that location. I responded to that location and arrived at approximately 0130 hours. I met with the following personnel from the Homicide Unit and the SDPD Crime Lab: Captain B. Ahearn #4060, Lieutenant M. Holden #4997, Detectives M. Weaver #6153, J. Zaldivar #5516 and A. Amado #5830 (relief). Also present were the on-call Crime Scene Specialist (CSS), A. Southerland, her trainee, L. Ney and Criminalist T. Revick.

I saw that the 3900 block of Marlesta Drive was blocked off approximately mid-block to the west and at the intersection of 7300 Batista Drive to the east. There was yellow police tape blocking pedestrian and vehicle traffic from entering the crime scene. I saw a black 2009 Acura had crashed into a parked car mid-block at 3900 Marlesta Drive. I met with the rest of my team and prepared to receive a briefing from the patrol supervisor at that location, A/Sergeant M. Kellington #6384.

BRIEFING:

Once the homicide and lab personnel were assembled, A/Sergeant M. Kellington #6384 from Western Division conducted the briefing at 0207 hours and provided the following details:

On November 29, 2017 at 0009 hours, SDPD Officer(s) Jarrel Davis #7287 and Joseph Propati #7599 advised SDPD Communications that they were out on 11-51's (field interviews) at the Kearny Mesa Recreation Center located at 3170 Armstrong Street. Officers Davis and Propati

contacted two persons that were inside a vehicle that was parked at that location. The two persons were drinking alcohol in the car. When Officer Davis conducted a VIN records check on the vehicle the two persons were in, he learned the vehicle was reported stolen. The vehicle was a 2009 black Acura TSX, 4-door with paper plates and a VIN of [REDACTED]. The two persons in the car were later identified as Jason Sanchez Santana (DOB: 6-26-1997) and [REDACTED]. [REDACTED] Santana was the driver of the vehicle while [REDACTED] was a passenger.

When Officer Davis attempted to take Santana into custody, Santana put the car into drive. Officer Davis perceived the driver was attempting to run him over so in response he discharged one round into the vehicle through the driver side window and struck Santana in the left bicep. Officers Davis and Propati pursued the suspect vehicle to 3900 Marlesta Drive where the suspects ultimately crashed into a parked vehicle.

After the suspects crashed, they ran from the vehicle, but were taken into custody after a short foot pursuit by Officers Davis and Propati. During the foot chase, Officer Davis apparently saw one of the suspects throw a firearm prior to being taken into custody.

A/Sgt. Kellington stated there were no civilian witnesses to the shooting and no other officers were involved or witnessed the actual shooting other than Officer Davis and Propati. Santana was transported to Scripps Memorial Hospital to be treated for his gunshot wound while [REDACTED] was transported to Western Division. Officer Davis and Propati also were standing by at Western Division as well.

On November 29, 2017, I attempted to contact the registered owner of the stolen vehicle, [REDACTED]. I spoke to [REDACTED] who identified herself as [REDACTED] and the driver of the vehicle. [REDACTED] informed me she was on her way to Traffic Division to pick up a copy of the police report. I told her I would meet her at Traffic Division. At approximately 1214 hours, Detective M. Weaver and I interviewed [REDACTED] regarding her stolen vehicle. The interview was audio recorded. Also present was [REDACTED].

Interview of [REDACTED] – VICTIM (STOLEN VEHICLE):

On November 20th around 1100 am, I parked my vehicle in my parking spot. He [REDACTED] picked me up for the day and evening. I came back to my car the next morning around noon and noticed it was missing. I thought my complex had accidentally towed it. We checked with the towing company and they did not have it so I knew it was stolen. I filed a stolen vehicle report on the 21st. I did not give anyone permission to drive it. I believe I have the keys to my car. I thought I had one in my apartment somewhere, but after speaking with you it was apparently in the car.

I don't recall having a spare key in my car. I have my normal keys I use. No one else had keys to my vehicle. I got the surveillance video on the 22nd and saw my car being driven out of my complex around 0827 hours on the 21st. It appears there is one person in the car. I knew it was my car because I had [REDACTED] and there is a scratch or chip in the rear passenger

door. It also comes up from the basement where my car was parked. The driver appeared to be white or Hispanic.

██████████ is the property manager who helped me get the video. The office number is ██████████

I do not know ██████████ or Jason Santana and I did not give them permission to be in my vehicle.

(Discussion regarding the processing and releasing of the vehicle)

Was there forced entry? (Does not appear to be any)

(Discussion on how she can pick up her personal belongings inside the vehicle)

(Delacruz signs a consent to search form to her vehicle)

Yes, the vehicle is registered to my ██████████ She lives in ██████████ She knows it was stolen, but I haven't told her about all this because I did not want her to worry.

My property manager told me another vehicle was stolen from that garage in the last month.

The interview concluded at 1230 hours.

Scene Report #1- Kearny Mesa Recreational Center (North Parking Lot)

CALLOUT:

On November 29, 2017, at 0033 hours, I received a text message from Sergeant S. Shebloski directing me and the other members of Homicide Team 1 to respond to 3900 Marlesta Drive to investigate an officer involved shooting that occurred at that location. I responded to that location and arrived at approximately 0128 hours. I met with the following personnel from the Homicide Unit and the SDPD Crime Lab: Captain B. Ahearn #4060, Lieutenant M. Holden #4997, Sergeant S. Shebloski #5317, Detectives T. Barr #5533, J. Zaldivar #5516 and A. Amado #5830 (relief). Also present were the on-call Crime Scene Specialist (CSS), A. Southerland, her trainee, L. Ney and Criminalist T. Rebick.

I saw that the 3900 block of Marlesta Drive was blocked off approximately mid-block to the west and at the intersection of 7300 Batista Drive to the east. There was yellow police tape blocking pedestrian and vehicle traffic from entering the crime scene. I saw a black 2009 Acura had crashed into a parked car mid-block at 3900 Marlesta Drive. I met with the rest of my team and prepared to receive a briefing from the patrol supervisor at that location, A/Sergeant M. Kellington #6384.

BRIEFING:

Once the homicide and lab personnel were assembled, A/Sergeant M. Kellington #6384 from Western Division conducted the briefing at 0207 hours and provided the following details:

On November 29, 2017 at 0009 hours, SDPD Officer(s) Jarrel Davis #7287 and Joseph Propati #7599 advised SDPD Communications that they were out on 11-51's (field interviews) at the Kearny Mesa Recreation Center located at 3170 Armstrong Street. Officers Davis and Propati contacted two persons that were inside a vehicle that was parked at that location. The two persons were drinking alcohol in the car. When Officer Davis conducted a VIN records check on the vehicle the two persons were in, he learned the vehicle was reported stolen. The vehicle was a 2009 black Acura TSX, 4-door with paper plates and a VIN of [REDACTED]. The two persons in the car were later identified as Jason Sanchez Santana (DOB: 6-26-1997) and [REDACTED]. [REDACTED] Santana was the driver of the vehicle while [REDACTED] was a passenger.

When Officer Davis attempted to take Santana into custody, Santana put the car into drive. Officer Davis perceived the driver was attempting to run him over so in response he discharged one round into the vehicle through the driver side door and struck Santana in the left bicep. Officers Davis and Propati pursued the suspect vehicle to 3900 Marlesta Drive where the suspects ultimately crashed into a parked vehicle.

After the suspects crashed, they ran from the vehicle but were taken into custody after a short foot pursuit by Officers Davis and Propati. During the foot chase, Officer Davis apparently saw one of the suspects throw a firearm prior to being taken into custody.

Sgt. Kellington stated there were no civilian witnesses to the shooting and no other officers were involved or witnessed the actual shooting other than Officer Davis and Propati. Santana was transported to Scripps Memorial Hospital to be treated for his gunshot wound while [REDACTED] was transported to Western Division. Officer Davis and Propati also were standing by at Western Division as well.

The patrol briefing concluded at approximately 0220 hours. At the conclusion of the briefing I was assigned to be the case agent, and work with the crime scene unit to process the crime scenes at Kearny Mesa Recreational Center, and the 3900 block of Marlesta Street. I designated 3170 Armstrong Street as Scene #1, and the 3900 block of Marlesta Drive as Scene #2.

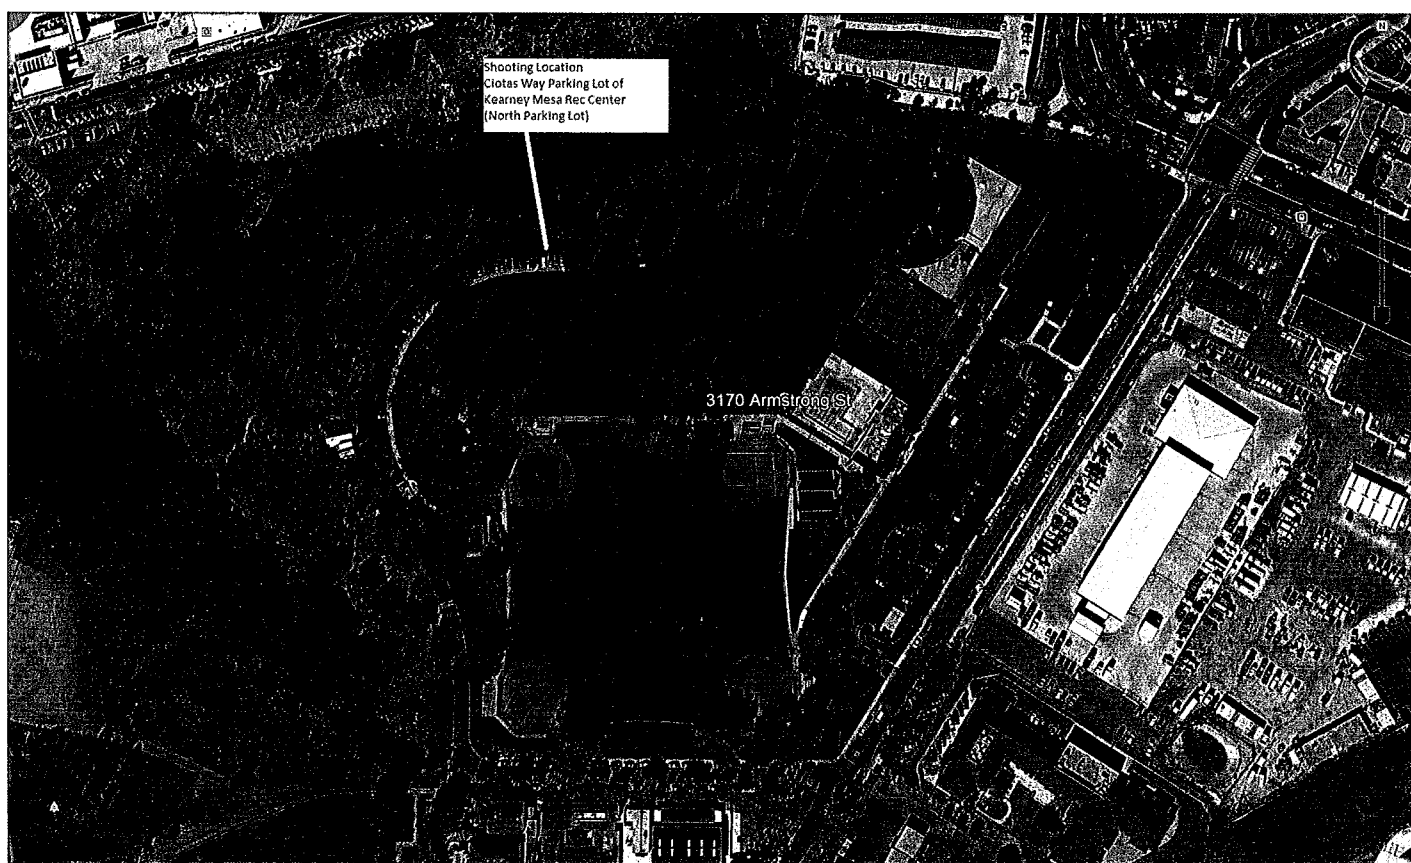

I met with CSS A. Southerland and her trainee, L. Ney. We were also accompanied by Criminalist T. Rebick. We drove to 3170 Armstrong Street. As we drove into the park entrance off Ciotas Way, I was guided to the crime scene by an officer blocking off the north parking lot entrance from Ciotas Way.

SCENE #1 DESCRIPTION:

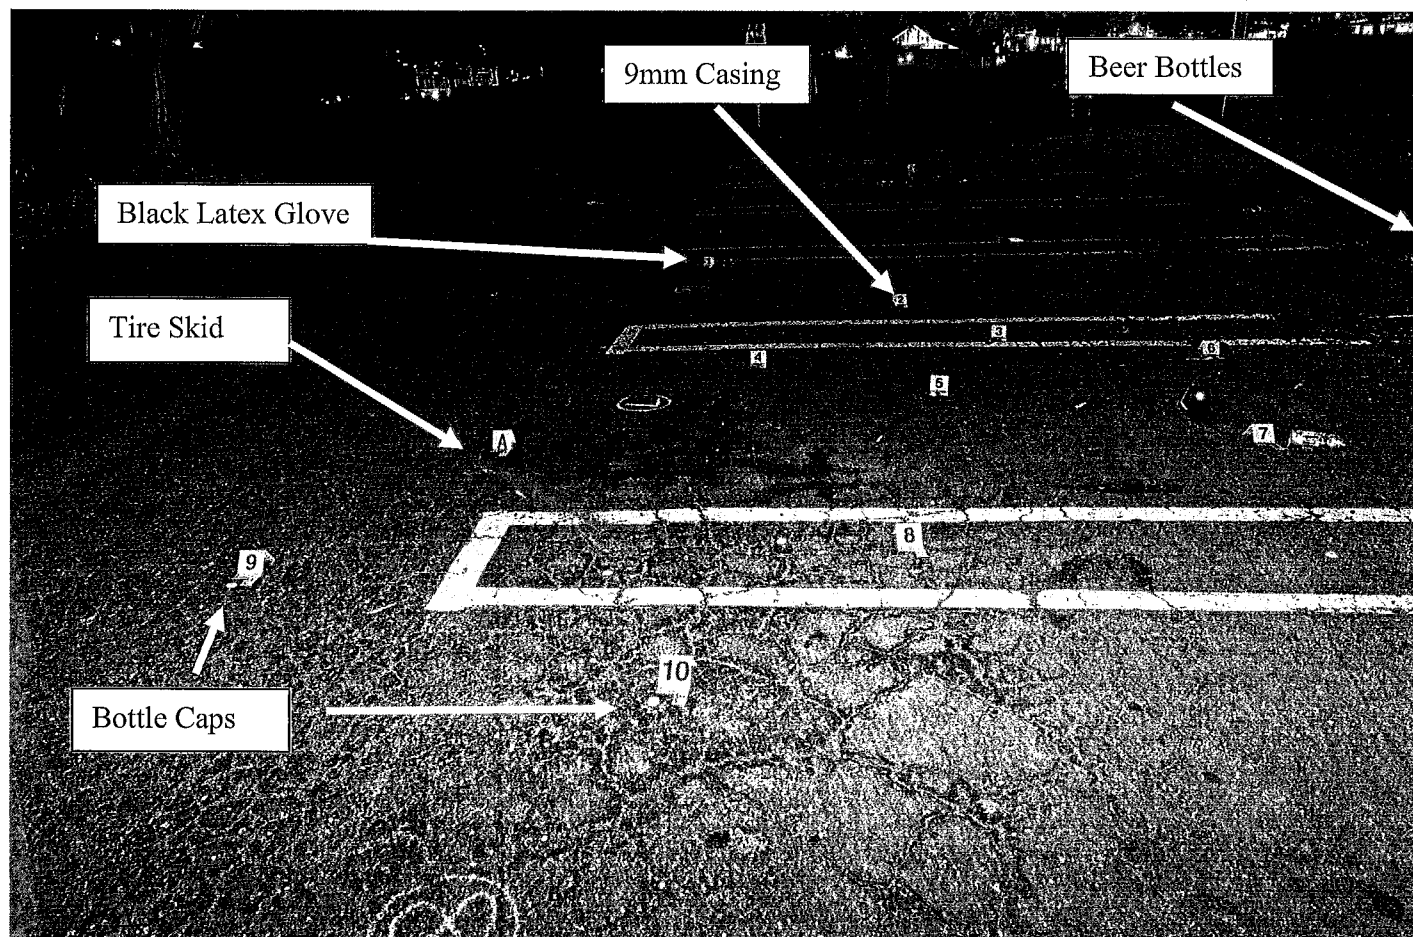

I observed that the original shooting scene was the north-most parking lot of Kearny Mesa Recreational Center- located at 3170 Armstrong Street. The parking lot has a single driveway that is accessible by Ciotas Way, a short street accessed by turning north from the dead end of the 3100 block of Armstrong Street. The drive way to the north-most parking lot ends in a deadend with a bulbous shape so vehicles can turn around.

There was inner and outer perimeter crime scene tape cordoning off the northern-most parking lot. The parking lot and surrounding park was empty of any non-police personnel to include media. The south side of the crime scene was not taped off due to the vacancy of the park, and was in no danger of tampering by non-police personnel.

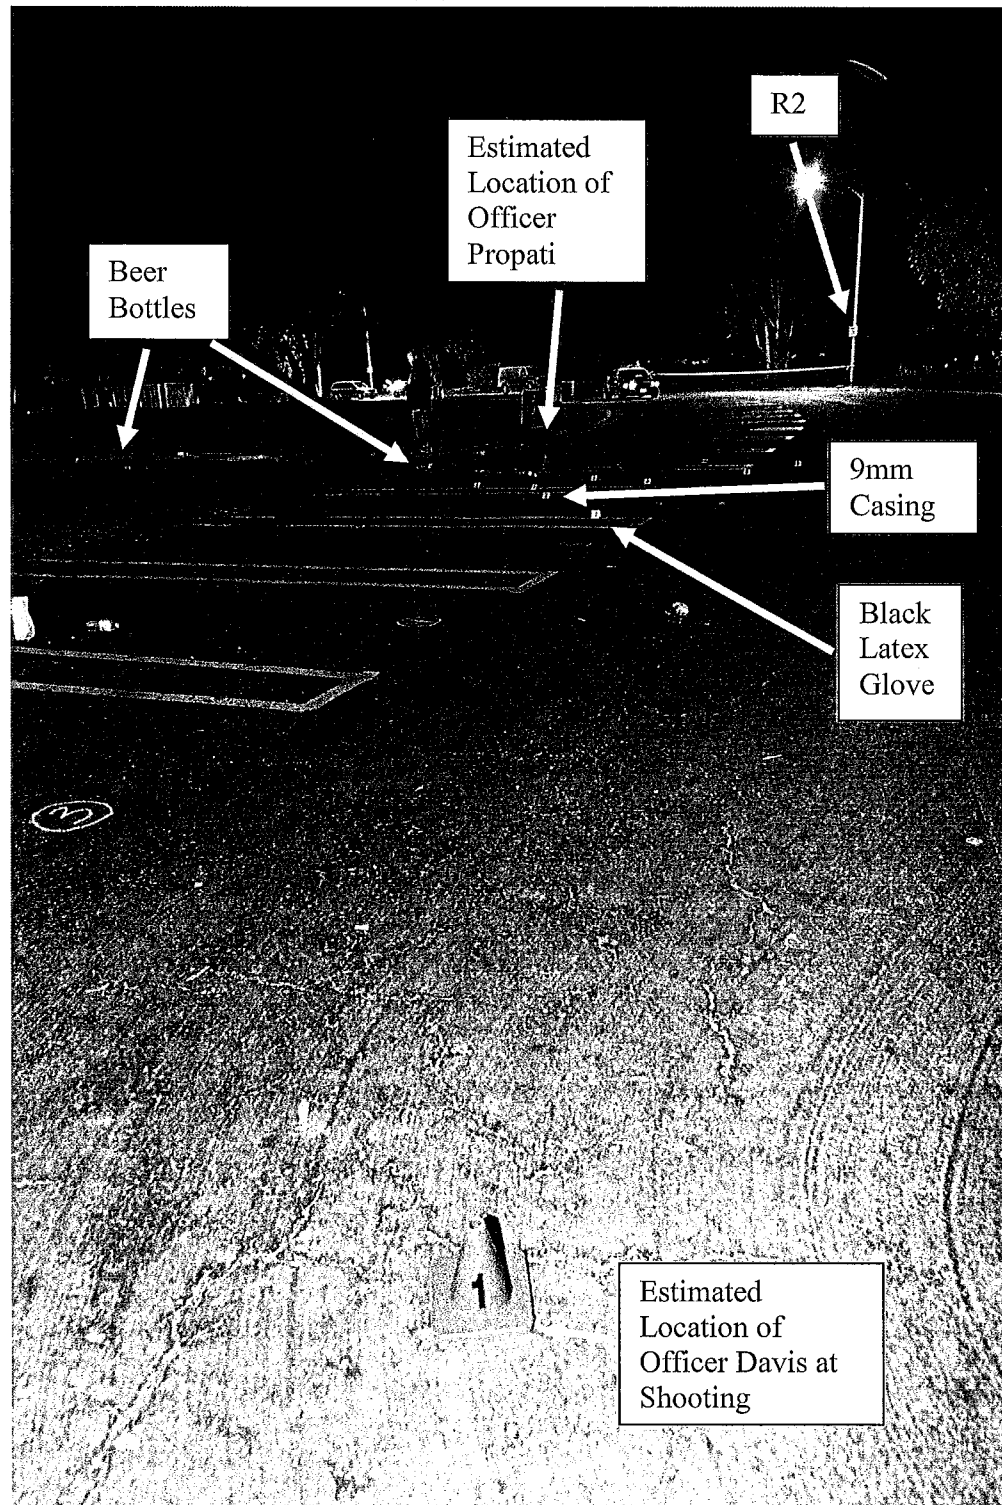

The scene contained a number of ballast point beer bottles, and beer bottle caps with a logo I know to belong to Ballast Point Brewing Company. I recalled from a brief walk-through of the scene at 3900 Marlesta Drive that a Ballast Point beer bottle was in the center console of the 2009 Acura TSX at that location. I observed a single shell casing lying on the ground several feet away next to a black latex glove. The black latex glove appeared to be of the style purchased by the San Diego Police Department and utilized by our patrol units as Personal Protective Equipment. There was a Gatorade bottle, swisher sweet cigarette wrapper, and a cigarette lighter in the scene as well. There was what appeared to be a tire skid in the center of the scene next to the black latex glove. The tire skid mark is discussed in detail at the end of this report. The scene is shown below:

I observed a street light to the southwest of the scene. The street light had the number "20" stenciled on it. It had a sign that was secured to it which warned the reader that the park was closed after hours. This street light would be used as my R2 in the measurements later in this report:

SCENE WALK THROUGH WITH OFFICER J. DAVIS

On November 29th, 2017, at 0456 hours, I attended a crime scene walk through with Officer Davis. Present for the walk through was his attorney, B. Fields, Sergeant S. Shebloski (Homicide Team 1), Sergeant B. Avera (Internal Affairs), Sergeant M. Kellington (Western Patrol), DAI D. Holmes (District Attorney's Office), Captain B. Ahearn (Homicide Unit), Criminalist T. Rebick (Lab-Firearms Unit), Lt. M. Holden (Homicide Unit), Sergeant J. Harberth (Homicide Team 5), Officer C. Marciniak (Peer Support), CSS A. Southerland (Crime Scene Unit), and CSS L. Ney (Crime Scene Unit). The walk through was recorded by both Sergeant Shebloski and myself. This walk through was preceded by a similar walk through at the 3900 block of Marlesta. See Crime Scene report #2 for further details on the first walk through.

Sergeant Shebloski prompted Officer Davis to locate the spot he believes he was standing at the time of the shooting. Officer Davis picked a parking spot several parking spots over from the beer bottle, shell casing, and black glove to select as his shooting position. CSS Southerland marked the spot with an orange cone with a #1 on it.

I noted that the location selected by Officer Davis as his shooting location was a significant distance from the shell casing located in the crime scene- approximately 34'1" away from that casing based on relative distance from R2. I know from my training and experience that a typical shell extraction from a 9mm pistol is approximately 4-6' from the chamber of the pistol.

Crime Scene Report #2- 3900 block of Marlesta Drive

CALLOUT:

On November 29, 2017, at 0033 hours, I received a text message from Sergeant S. Shebloski directing me and the other members of Homicide Team 1 to respond to 3900 Marlesta Drive to investigate an officer involved shooting that occurred at that location. I responded to that location and arrived at approximately 0128 hours. I met with the following personnel from the Homicide Unit and the SDPD Crime Lab: Captain B. Ahearn #4060, Lieutenant M. Holden #4997, Sergeant S. Shebloski #5317, Detectives T. Barr #5533, J. Zaldivar #5516 and A. Amado #5830 (relief). Also present were the on-call Crime Scene Specialist (CSS), A. Southerland, her trainee, L. Ney and Criminalist T. Rebick.

I saw that the 3900 block of Marlesta Drive was blocked off approximately mid-block to the west and at the intersection of 7300 Batista Drive to the east. There was yellow police tape blocking pedestrian and vehicle traffic from entering the crime scene. I saw a black 2009 Acura had crashed into a parked car mid-block at 3900 Marlesta Drive. I met with the rest of my team and prepared to receive a briefing from the patrol supervisor at that location, A/Sergeant M. Kellington #6384.

BRIEFING:

Once the homicide and lab personnel were assembled, A/Sergeant M. Kellington #6384 from Western Division conducted the briefing at 0207 hours and provided the following details:

On November 29, 2017 at 0009 hours, SDPD Officer(s) Jarrel Davis #7287 and Joseph Propati #7599 advised SDPD Communications that they were out on 11-51's (field interviews) at the Kearny Mesa Recreation Center located at 3170 Armstrong Street. Officers Davis and Propati contacted two persons that were inside a vehicle that was parked at that location. The two persons were drinking alcohol in the car. When Officer Davis conducted a VIN records check on the vehicle the two persons were in, he learned the vehicle was reported stolen. The vehicle was a 2009 black Acura TSX, 4-door with paper plates and a VIN of [REDACTED]. The two persons in the car were later identified as Jason Sanchez Santana (DOB: 6-26-1997) and [REDACTED].

[REDACTED] Santana was the driver of the vehicle while [REDACTED] was a passenger.

When Officer Davis attempted to take Santana into custody, Santana put the car into drive. Officer Davis perceived the driver was attempting to run him over so in response he discharged one round into the vehicle through the driver side door and struck Santana in the left bicep. Officers Davis and Propati pursued the suspect vehicle to 3900 Marlesta Drive where the suspects ultimately crashed into a parked vehicle.

After the suspects crashed, they ran from the vehicle but were taken into custody after a short foot pursuit by Officers Davis and Propati. During the foot chase, Officer Davis apparently saw one of the suspects throw a firearm prior to being taken into custody.

Sgt. Kellington stated there were no civilian witnesses to the shooting and no other officers were involved or witnessed the actual shooting other than Officer Davis and Propati. Santana was transported to Scripps Memorial Hospital to be treated for his gunshot wound while [REDACTED] was transported to Western Division. Officer Davis and Propati also were standing by at Western Division as well.

The patrol briefing concluded at approximately 0220 hours. At the conclusion of the briefing I was assigned to coordinate the processing of crime scene #1 and 2 with SDPD Laboratory personnel.

SCENE WALK THROUGH WITH OFFICER J. DAVIS

On November 29th, 2017, at 0440 hours, I attended a crime scene walk through with Officer Davis. Present for the walk through was his attorney, B. Fields, Sergeant S. Shebloski (Homicide Team 1), Sergeant B. Avera (Internal Affairs), Sergeant M. Kellington (Western Patrol), DAI D. Holmes (District Attorney's Office), Captain B. Ahearn (Homicide Unit), Captain P. Connelly (Western Division) Criminalist T. Rebick (Lab-Firearms Unit), Lt. M. Holden (Homicide Unit), Sergeant J. Harberth (Homicide Team 5), Officer C. Marciniak (Peer Support). The walk through was recorded by both Sergeant Shebloski and myself.

Sergeant Shebloski admonished Officer Davis that the purpose of the walk-through at 3900 Marlesta Drive is to account for evidence. Sergeant Shebloski asked Officer Davis to position himself next to the 2009 Acura TSX as if he was in the shooting. Officer Davis adopted a "weaver" stance at the driver's side rear quarter panel facing the front of the vehicle. Officer Davis told Sergeant Shebloski confidently he only fired one round from the rear of the vehicle to the front. Officer Davis told Sergeant Shebloski the direction of the fire was "northwest." While I was conducting the walk through I observed a Ballast Point beer bottle was in the center console of the 2009 Acura TSX.

While the walk through was being conducted, a feral cat jumped into the open driver's side door of the 2009 Acura TSX. The crime scene was not disturbed to remove the cat.

At the conclusion of the briefing, all personnel then drove to 3170 Armstrong Street to conduct a 2nd Scene Walk Through at the actual shooting location. See Crime Scene Report #1 for further details.

The processing of Scene #1 was completed at 0640 hours. I returned to Scene #2 at approximately 0710 hours with CSS Southerland and Ney, and Criminalist T. Rebick. CSS Ney began by taking overall photos of the scene. I spoke briefly to Officer E. Arosomena who advised me Officer C. Garcia #6366 (Traffic Division) had already left the scene after doing the traffic collision report.

SCENE #2 DESCRIPTION

Scene #2 is the 3900 Block of Marlesta Drive:

I observed that a black Acura TSX with paper plates, apparently headed northbound on Marlesta Drive, had sideswiped a parked and unoccupied burgundy colored Scion. The collision occurred directly in front of 3935 Marlesta Drive:

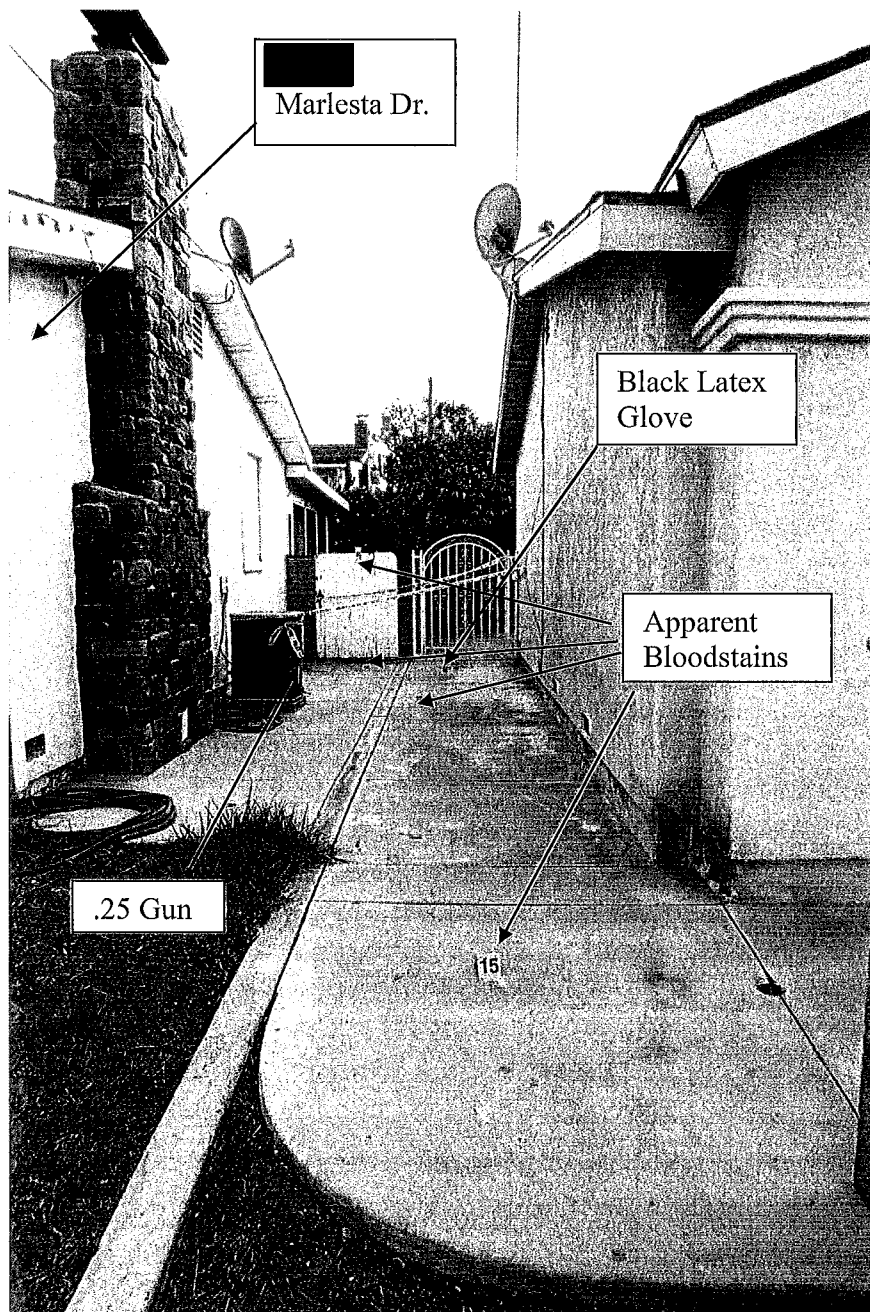

The driver's door of the 2009 Acura TSX was ajar. I could see the glass was smashed and there was blood on the lower part of the door. The sunroof of the car was open. I could also see that the transmission shifter in the car was in "drive." I could see a Ballast point beer bottle was in the center console. I could see what appeared to be an electronic scale and a pipe commonly used for smoking marijuana on the driver's side floorboard. Looking into the car I could see an apparent missile strike in the interior plastic side panel of the passenger door. I could hear a cell phone ringing from within the vehicle. I made no attempt to locate the phone. I could see burgundy-colored paint transfer on the front right side of the 2009 Acura TSX. A cigarette lighter was lying on the street behind the 2009 Acura TSX.

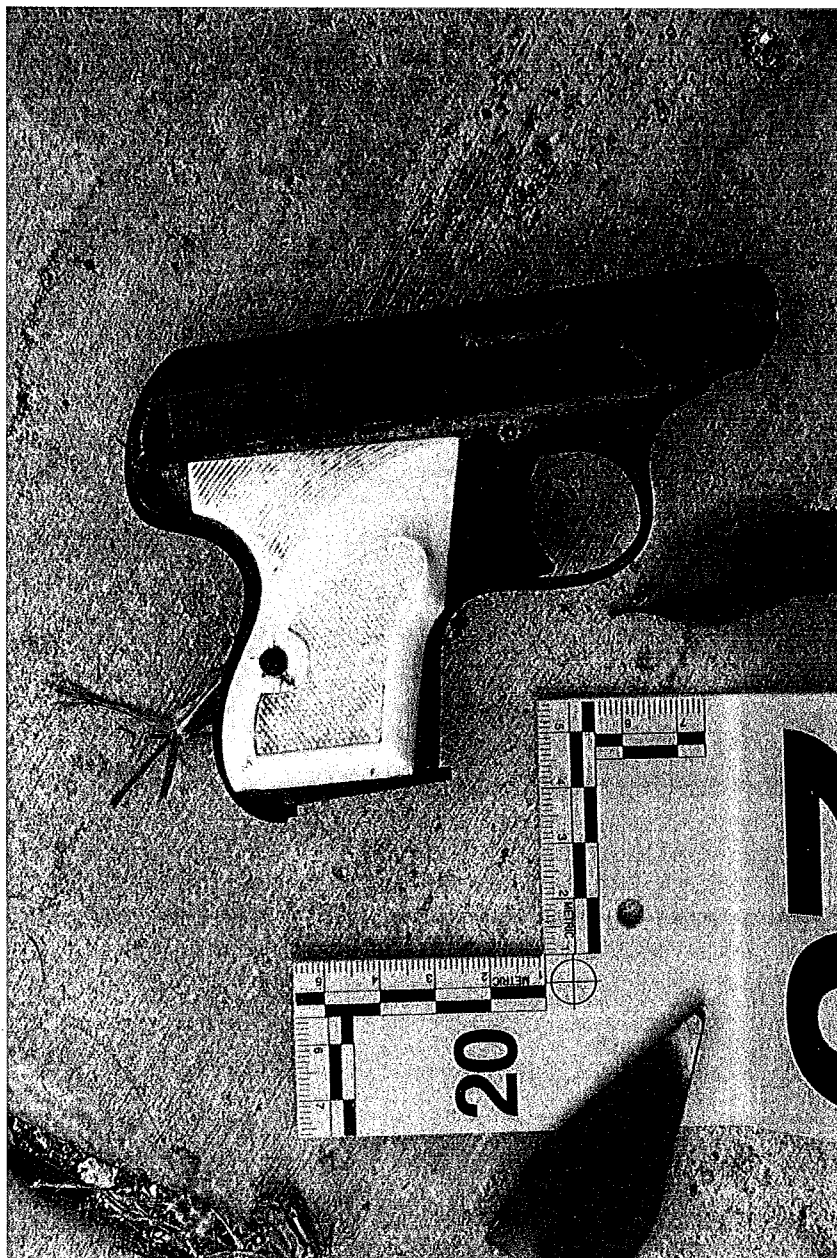

A marked police vehicle (Bumper #7209) was positioned behind and slightly offset to the left of the 2009 Acura TSX. Based on my training and experience, I recognized that to be a typical method of positioning a police vehicle during a traffic enforcement stop.

The majority of the evidence we discovered was in the front, side yard, and backyard of [REDACTED] Marlesta Drive.

I examined the evidence in and around [REDACTED] Marlesta Drive. I could see a gun lying in the side yard of [REDACTED] Marlesta Drive. The gun was lying next to a black latex glove of the same style purchased by the San Diego Police Department. There were numerous blood droplets around the gun, on a gate leading to the backyard of [REDACTED] Marlesta, and immediately behind the back gate of [REDACTED] Marlesta Drive.

I examined the gun with CSS L. Ney. CSS Ney was having difficulty working the slide to render it safe. I put on a new pair of latex gloves, and assisted her by removing the magazine and pulling the slide back to clear the chamber. I could see that there were what appeared to be six bullets in the magazine. There was not a bullet in the chamber. The slide appeared old and rusted but otherwise functioned properly. I did not pull the trigger or otherwise attempt any further function check of the pistol. The pistol was a .25 Caliber, with Brescia stamped on one side and "Made in Italy" stamped on the other. CSS Ney photographed and collected the gun depicted below:

CSS Southerland asked me to obtain consent from the homeowner so CSS Ney could collect swabs of the blood from behind the gate leading to the backyard.

I knocked on the door and spoke with [REDACTED] a resident of [REDACTED] who gave me verbal permission for a search of the premises. I told [REDACTED] the search was to be limited to the backyard. [REDACTED] signed a consent to search premises form and gave me a key to unlock the side gate for CSS' Southerland and Ney.

I observed a blood smear on the front passenger side door of Police vehicle #7209. CSS Ney later swabbed it.

CSS Ney collected all items and impounded them. I enlisted Officer D. Payton #7397 (Western Patrol) to order an impound of the 2009 Acura TSX per 22655.5 CVC, escort the vehicle to Northwestern Division, and document which secured bay it was placed in.

I was standing in the front yard of [REDACTED] Marlesta Drive with CSS Southerland discussing the "dirty dark colored cloth" {Placard #24}. A male in his twenties who resides in the house told us that the cloth was a "weed barrier" landscaping cloth, and had been there for over a week after a landscaping project. The item had already been impounded at that point and was retained.

The scene was then released, and I drove CSS Southerland and Ney down the pursuit path given to me by Detective Barr. I drove them from 3170 Armstrong Street north bound, to north on Ashford, making a U-Turn on Marlesta and ending back at the scene. CSS Ney took photos of the pursuit path.

Officers Davis and Propati pursued the suspect vehicle to 3900 Marlesta Drive where the suspects ultimately crashed into a parked vehicle.

After the suspects crashed, they ran from the vehicle but were taken into custody after a short foot pursuit by Officers Davis and Propati. During the foot chase, Officer Davis apparently saw one of the suspects throw a firearm prior to being taken into custody.

Sgt. Kellington stated there were no civilian witnesses to the shooting and no other officers were involved or witnessed the actual shooting other than Officer Davis and Propati. Santana was transported to Scripps Memorial Hospital to be treated for his gunshot wound while [REDACTED] was transported to Western Division. Officer Davis and Propati also were standing by at Western Division as well.

VEHICLE PROCESSING:

On November 30th, 2017, at 0719 hours, I met with CSS A. Southerland, CSS Ney, and Criminalist Rebick at Northwestern Divisions impound area. CSS Southerland located the black 2009 Acura TSX inside secured bay #3. CSS Ney began the processing by taking photos and exterior swabs inside the bay. When CSS Ney was hindered by opening the doors because of the framework of the secured bay, she asked me to call a tow to facilitate moving the car to an open space next to the gas pumps at Northwestern Division.

I observed that the car had damage to the front right quarter panel and right side of the car body. I could see the front right tire was shredded and the vehicle was sitting on the rim. I could see the sunroof was open. I could see there was no sign of forced entry to either door lock. I could see that the driver's side window was smashed. A hole was evident in the glass.

Right side of vehicle:

Left side of vehicle:

I could see the VIN Plate clearly in the front dash of the car:

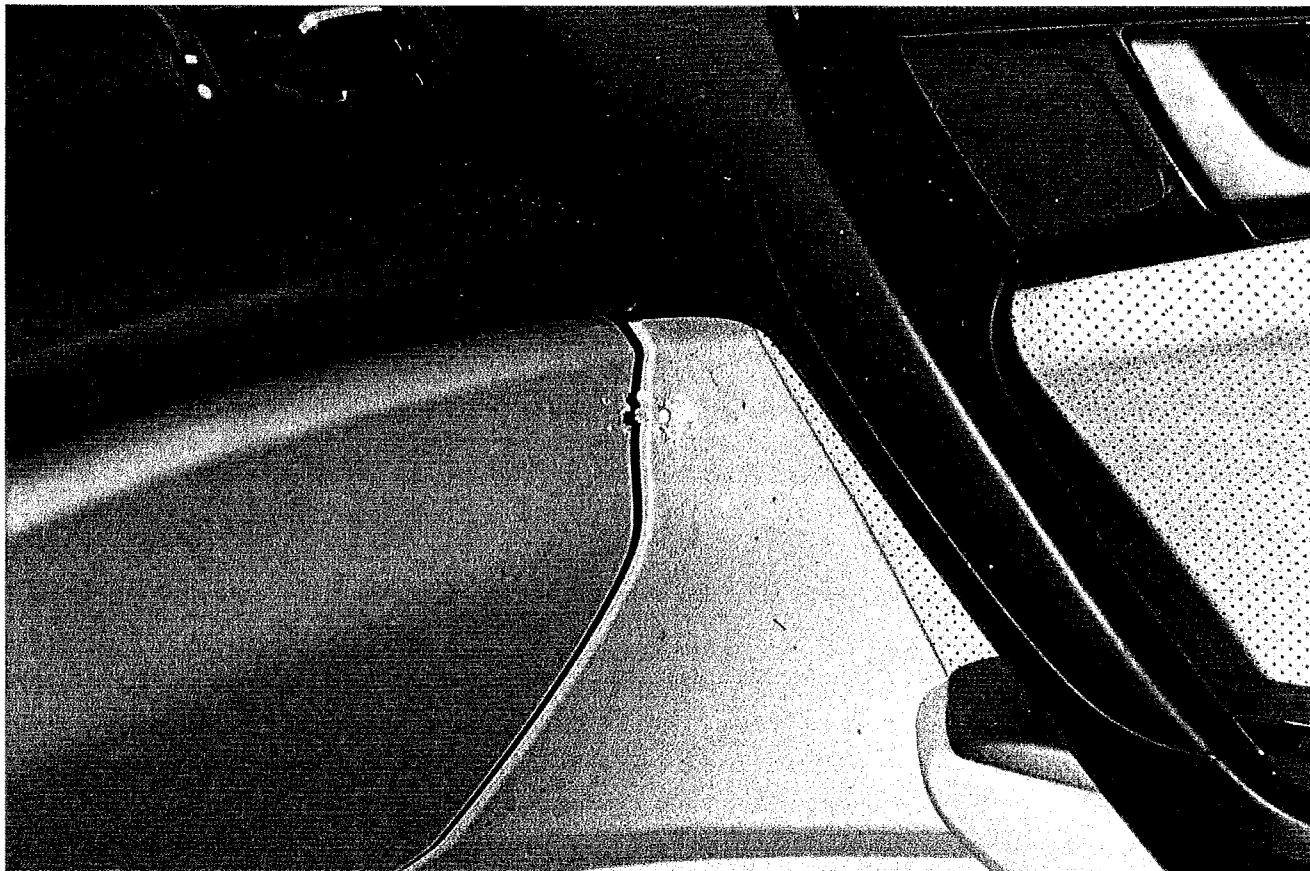

Criminalist T. Rebeck conducted a bullet trajectory analysis of the car:

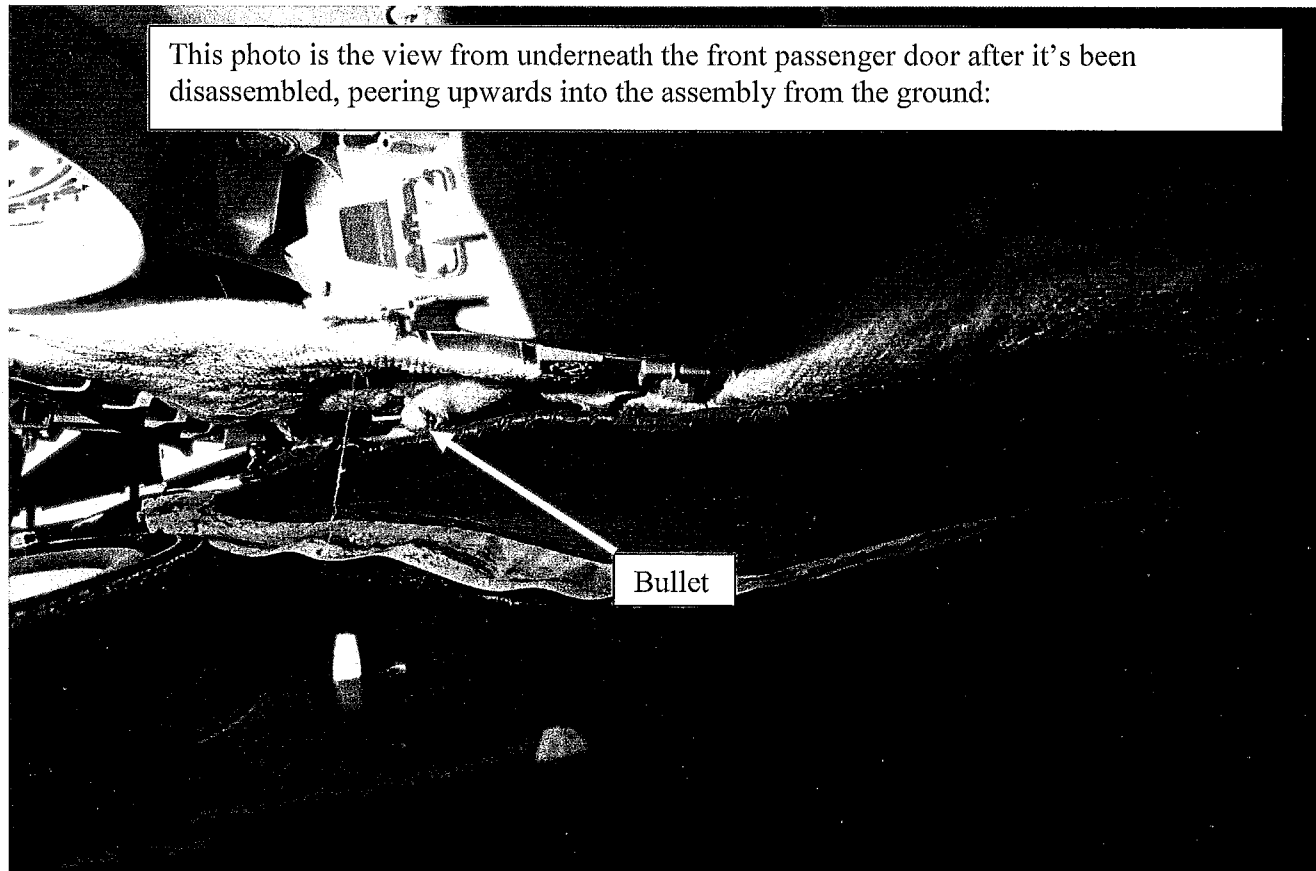

The bullet caused the following strike mark in the front passenger side door interior:

The strike mark was in line with the trajectory, but the plastic had fused over and there was no hole wide enough in the impact to allow a bullet to penetrate the door. This initially led me to believe the bullet had ricocheted and was inside the car. A thorough search of the car was unsuccessful and I directed CSS Ney to search the door assembly for the missile. The door plastic paneling was removed and CSS Ney told me she located the bullet wrapped in the door insulation inside the door assembly:

Once the bullet had been recovered and the vehicle had been processed for DNA I searched it. I located the below evidentiary items:

EVIDENCE RECOVERED:

Placard	Item Description	Location	Recovered by
27	Unknown Biological matter	Drivers side, rear passenger door exterior	Ney
28	Bloodstain	Driver's side door, exterior, aluminum frame	Ney
29	Unknown biological matter	Front Passenger door, Interior	Ney
30	Black fabric fragment	Front passenger door, interior	Ney
31	Apparent glass fragment	Passenger side, front door by lock	Ney
32	Missile (bullet)	Inside passenger side door assembly	Ney
33	Bloodstains	Driver's side door, interior	Ney
34	Ballast Point Bottle Cap	Drivers side floorboard	Ney
35	Wax paper w/ black tar-like substance	Drivers side floorboard	Ney

36	Glass Marijuana pipe	Drivers side floorboard	Ney
37	Bronze colored key	Drivers side floorboard	Ney
38	Electronic Scale	Drivers side floorboard	Ney
39	Black latex gloves	Driver's seat/center console	Ney
40	Beer Can / Spray paint can	Behind driver's seat/rear passenger floorboard	Ney
41	Chargers Jersey "Gordon" W/ Black Aztecs hat	Rear passenger side floorboard	Ney
42	Black Aztecs hat	Front passenger seat	Ney
43	Ballast Point Beer Bottle	Center Console	Ney
44	Black Cell Phone	Front passenger side floorboard	Ney
45	Folding knife	Driver's side door side pocket	Ney
46	Red handle screwdriver	Driver's side door side pocket	Ney
47	Black aluminum tin w/ off white crystalline rock	Driver's side door side pocket	Ney
48	Silver/white LG Cell Phone	Between Drivers seat and center console	Ney
49	Plastic tube with marijuana symbol	Driver's side center console side pocket	Ney
50	Paper Plate [REDACTED]	Rear license plate mount	Ney

At the end of the processing I inspected the key in the ignition. I observed it was a factory pressed Acura key with a gray rubber top. Based on the odd gray color I suspected it might be a "valet" key. I asked CSS Ney to attempt to lock the glove compartment with that key. The glove compartment did not lock. I did not believe that key was specific to the car.

The trunk was full of men's clothes, and one purple colored jacket. I did not know what evidentiary value they held and I left them in place.

CSS Southerland and Ney dusted the car, exterior and interior, for prints. They lifted 27 sets of prints, and documented where they found them with photos.

At the completion of the processing, I ordered a tow truck and followed the car to the vehicle impound lot behind traffic division. The car was left in the lot at 1650 hours. When the vehicle was in place I grabbed the "valet key" and impounded it at Eastern Division.

Later that evening, it had occurred to me that a brown bottle in the center console of the car could contain narcotics. I had failed to communicate that clearly to CSS Ney and it had not been collected. On December 1st, 2017, at 0525 hours, I returned to the secure lot and removed the bottle from the car. The bottle was impounded at HQ.

Vehicle Walkthrough with [REDACTED]

CALLOUT:

On November 29, 2017, at 0033 hours, I received a text message from Sergeant S. Shebloski directing me and the other members of Homicide Team 1 to respond to 3900 Marlesta Drive to investigate an officer involved shooting that occurred at that location. I responded to that location and arrived at approximately 0128 hours. I met with the following personnel from the Homicide Unit and the SDPD Crime Lab: Captain B. Ahearn #4060, Lieutenant M. Holden #4997, Sergeant S. Shebloski #5317, Detectives T. Barr #5533, J. Zaldivar #5516 and A. Amado #5830 (relief). Also present were the on-call Crime Scene Specialist (CSS), A. Southerland, her trainee, L. Ney and Criminalist T. Rebick.

I saw that the 3900 block of Marlesta Drive was blocked off approximately mid-block to the west and at the intersection of 7300 Batista Drive to the east. There was yellow police tape blocking pedestrian and vehicle traffic from entering the crime scene. I saw a black 2009 Acura had crashed into a parked car mid-block at 3900 Marlesta Drive. I met with the rest of my team and prepared to receive a briefing from the patrol supervisor at that location, A/Sergeant M. Kellington #6384.

BRIEFING:

Once the homicide and lab personnel were assembled, A/Sergeant M. Kellington #6384 from Western Division conducted the briefing at 0207 hours and provided the following details:

On November 29, 2017 at 0009 hours, SDPD Officer(s) Jarrel Davis #7287 and Joseph Propati #7599 advised SDPD Communications that they were out on 11-51's (field interviews) at the Kearny Mesa Recreation Center located at 3170 Armstrong Street. Officers Davis and Propati contacted two persons that were inside a vehicle that was parked at that location. The two persons were drinking alcohol in the car. When Officer Davis conducted a VIN records check on the vehicle the two persons were in, he learned the vehicle was reported stolen. The vehicle was a 2009 black Acura TSX, 4-door with paper plates and a VIN of [REDACTED]. The two persons in the car were later identified as Jason Sanchez Santana (DOB: 6-26-1997) and [REDACTED]. [REDACTED] Santana was the driver of the vehicle while [REDACTED] was a passenger.

When Officer Davis attempted to take Santana into custody, Santana put the car into drive. Officer Davis perceived the driver was attempting to run him over so in response he discharged one round into the vehicle through the driver side door and struck Santana in the left bicep. Officers Davis and Propati pursued the suspect vehicle to 3900 Marlesta Drive where the suspects ultimately crashed into a parked vehicle.

After the suspects crashed, they ran from the vehicle but were taken into custody after a short foot pursuit by Officers Davis and Propati. During the foot chase, Officer Davis apparently saw one of the suspects throw a firearm prior to being taken into custody.

Sgt. Kellington stated there were no civilian witnesses to the shooting and no other officers were involved or witnessed the actual shooting other than Officer Davis and Propati. Santana was transported to Scripps Memorial Hospital to be treated for his gunshot wound while [REDACTED] was transported to Western Division. Officer Davis and Propati also were standing by at Western Division as well.

VEHICLE WALKTHROUGH:

On December 1st, 2017, at 1157 hours, I met with [REDACTED] at the secure impound lot located at SDPD Traffic Division. The purpose of meeting her was to allow her to see her vehicle, a 2009 Acura TSX (VIN [REDACTED]) that was used in the above incident, remove personal items from the vehicle, and take photographs of the vehicle for insurance purposes. I used an audio recorder to document the walk through. The following are the observations made by [REDACTED]

Statement of [REDACTED] during walkthrough:

As we began the walk-through, I asked [REDACTED] how often she parked her car using a valet service.

I don't valet park very often. The last time I think I valet parked this car was at [REDACTED] a couple months ago- maybe in August.

I showed [REDACTED] a photo of the gray rubber topped key taken from her car's ignition.

That key might have been mine. It might have been in my car and I just completely forgot about it.

[REDACTED] did not bring her keys to the walkthrough, so initially we could not access the items inside the trunk.

It looks like all of my stuff is gone. I had two jackets that were on the floor - one was a North Face Jacket and the other was a Victoria's Secret jacket. I can run home and get my keys so we can check the trunk. [REDACTED] Nothing in the car's cab is mine. The makeup, Vaseline, razors, and charging cables do not belong to me. There are two hair ties on the gear shifter- they might be mine. Nothing here looks like it belongs to me. There are some nuts in the

center console, those aren't mine. There are some oil absorbing sheets (*makeup remover*), that isn't mine, a blue rag, the keychain- none of it belongs to me. The bottle of hand sanitizer might belong to me but I'm not sure.

I stopped the audio at 1207 hours while [REDACTED] retrieved her car keys from her apartment. I resumed the audio at 1230 hours. To access the trunk I had to locate a hidden lock behind the driver's side rear passenger's seat and turn it with [REDACTED] factory pressed Acura ignition key. Upon getting the trunk open, [REDACTED] viewed the pile of clothing in the trunk.

This pink windbreaker is mine. Nothing else is mine. The men's clothing does not belong to my boyfriend or me. I wouldn't have had any men's clothing in the trunk. The rest of the women's clothing in the trunk does not belong to me either. These Adidas shoes do not belong to me. The pennies are definitely not mine. I had a gray box in here that I would keep a change of clothes and extra shoes in, but that is missing as well. I am missing two black jackets, another windbreaker, and a couple pairs of shoes.

I ended the audio recording at 1244 hours.

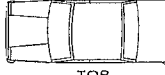

I did not believe the clothing in the trunk, or the various items inside the car, of possessing any evidentiary value. I transferred the men's clothing from the trunk to the rear passenger's seats to allow easy access in the event the clothing would have to be impounded at a later date. I observed that the clothing appeared to be clean.

At the conclusion of the walk through [REDACTED] consented to a DNA reference sample, and elimination fingerprints.

LOCATION/SUBJECT Marlesta Dr, 3900 Block				STATE HIGHWAY RELATED <input checked="" type="checkbox"/> YES <input type="checkbox"/> NO

NOTIFICATION: On 11/29/2017, at approximately 0559 hours, I received a radio call to investigate a vehicle versus a parked vehicle at 3900 Marlesta Drive. I responded from Traffic Division and arrived at the collision scene at approximately 0635 hours.

INVESTIGATION: When I arrived, I saw V-1 crushed against V-2 at its uncontrolled point of rest. V-1 was still running, with the parking brake in the off position and with the automatic transmission shift lever in the "S" position, which is the same as the "D" drive position. However, the transmission only will shift from 1st through 4th gear, not 1st through 5th as the "D" position. With a gloved hand, I pushed down on the brake pedal, felt good firm pressure and held it for 30 seconds. The brakes were confirmed as operational. I also pulled up on the hand brake and felt resistance within ½ inch of travel. The hand brake clicked 4 to 5 times and was fully engaged. I confirmed the handbrake was operational.

I took 29 photos of the collision scene. I later impounded the photos on barcode number **10820416**. I left V-1 and V-2 at the collision scene for Homicide detectives to determine its final disposition. I was not able to obtain a statement from P-1 or P-1's passenger because they were in custody and not at the collision scene.

STREET DESCRIPTION: 3900 Marlesta Drive is primarily a north and southbound roadway. Northbound and southbound traffic are delineated by a painted double yellow solid line. There are two raised curbs on both the east and west side of the roadway. The roadway was relatively flat and comprised of asphaltic concrete. Parallel parking is permitted along the west and east curb lines.

CONCLUSIONS: Prior to the collision, P-1 was fleeing from police northbound on 3900 Marlesta Drive. P-1 stopped the vehicle in the roadway with the steering wheel slightly canted to the right. P-1 exited the vehicle and failed to set the vehicle in park or set the parking brake. P-1 fled the scene and V-1 continued to roll forward until it collided into V-2. P-1 was subsequently taken into custody by police.

The proximate cause of the collision was due to P-1 failing to set the parking brake, in violation of;

22515 CVC (a) No person driving, or in control of, or in charge of, a motor vehicle shall permit it to stand on any highway unattended without first effectively setting the brakes thereon and stopping the motor thereof.

P-1 fled the scene of the collision in violation of;

20002 CVC (a) The driver of any vehicle involved in an accident resulting only in damage to any property, including vehicles, shall immediately stop the vehicle at the nearest location that will not impede traffic or otherwise jeopardize the safety of other motorists. Moving the vehicle in accordance with this subdivision does not affect the question of fault.

A records check of P-1's name and date of birth revealed his driver's license status was "None Issued". P-1 was operating a passenger motor vehicle without a Class C driver's license, in violation of;

12500 CVC (a) A person may not drive a motor vehicle upon a highway, unless the person then holds a valid driver's license issued under this code, except those persons who are expressly exempted under this code.

CALLOUT:

On November 29, 2017, at 0035 hours, I received a text message from Sergeant S. Shebloski directing me and the other members of Homicide Team 1 to respond to 3900 Marlesta Drive to investigate an officer involved shooting that occurred at that location. I responded to that location and arrived at approximately 0130 hours. I met with the following personnel from the Homicide Unit and the SDPD Crime Lab: Captain B. Ahearn #4060, Lieutenant M. Holden #4997, Detectives M. Weaver #6153, J. Zaldivar #5516 and A. Amado #5830 (relief). Also present were the on-call Crime Scene Specialist (CSS), A. Southerland, her trainee, L. Ney and Criminalist T. Revick.

I saw that the 3900 block of Marlesta Drive was blocked off approximately mid-block to the west and at the intersection of 7300 Batista Drive to the east. There was yellow police tape blocking pedestrian and vehicle traffic from entering the crime scene. I saw a black 2009 Acura had crashed into a parked car mid-block at 3900 Marlesta Drive. I met with the rest of my team and prepared to receive a briefing from the patrol supervisor at that location, A/Sergeant M. Kellington #6384.

BRIEFING:

Once the homicide and lab personnel were assembled, A/Sergeant M. Kellington #6384 from Western Division conducted the briefing at 0207 hours and provided the following details:

On November 29, 2017 at 0009 hours, SDPD Officer(s) Jarrel Davis #7287 and Joseph Propati #7599 advised SDPD Communications that they were out on 11-51's (field interviews) at the Kearny Mesa Recreation Center located at 3170 Armstrong Street. Officers Davis and Propati contacted two persons that were inside a vehicle that was parked at that location. The two persons were drinking alcohol in the car. When Officer Davis conducted a VIN records check on the vehicle the two persons were in, he learned the vehicle was reported stolen. The vehicle was a 2009 black Acura TSX, 4-door with paper plates and a VIN of [REDACTED]. The two persons in the car were later identified as Jason Sanchez Santana (DOB: 6-26-1997) and [REDACTED]. [REDACTED] Santana was the driver of the vehicle while [REDACTED] was a passenger.

When Officer Davis attempted to take Santana into custody, Santana put the car into drive. Officer Davis perceived the driver was attempting to run him over so in response he discharged one round into the vehicle through the driver side window and struck Santana in the left bicep. Officers Davis and Propati pursued the suspect vehicle to 3900 Marlesta Drive where the suspects ultimately crashed into a parked vehicle.

After the suspects crashed, they ran from the vehicle, but were taken into custody after a short foot pursuit by Officers Davis and Propati. During the foot chase, Officer Davis apparently saw one of the suspects throw a firearm prior to being taken into custody.

A/Sgt. Kellington stated there were no civilian witnesses to the shooting and no other officers were involved or witnessed the actual shooting other than Officer Davis and Propati. Santana was transported to Scripps Memorial Hospital to be treated for his gunshot wound while [REDACTED] was transported to Western Division. Officer Davis and Propati also were standing by at Western Division as well.

The patrol briefing concluded at approximately 0220 hours. At the conclusion of the briefing I was assigned to interview Officer Propati and conduct a walk through with him. On November 29, 2017 at 0324 hours I conducted my interview with Officer Propati. I began the interview by having Officer Propati explain the events that occurred at 3170 Armstrong. The interview was audio recorded. At the conclusion of this initial walk through, Officer Propati, Officer McCarthy and Detective A. Amado got into my unmarked vehicle and I drove the pursuit route at the direction of Officer Propati. This interview began at 0342 hours and was audio recorded.

Interview of OFFICER JOSEPH PROPATI – Witness Officer:

This is the west parking lot of the Kearny Mesa Rec Center. I don't know if they stopped at this stop sign. I turned left on Ciota Way. I still had no visual of the suspect vehicle. We turned left at the stop sign and went north on Armstrong. We still had no visual on the suspect vehicle.

(Describe the suspect vehicle) It was a black Acura with paper plate in the rear and no plate on the front. Tinted windows. They were driving with their lights off. We were driving with our lights on and emergency lights activated.

When we started the pursuit I observed they had gone straight (through the intersection of Mesa College and Armstrong). I did not see if they stopped at the light. We continued on Armstrong across Mesa College Drive. I can kind of see red tail lights in the distance. I see them at the tail end of this turn they had veered right. I have no idea if they stopped at this stop sign. We cleared this stop sign and proceeded north passing Burbank. We don't have sight of them at this point.

They were going pretty fast. I was going near 60 mph and was unable to catch them. We continued on Armstrong passing Beal Street. I don't know if they stopped at Armstrong and Batista stop sign. I recognize this area from working third phase at Northern. We had a lot of calls here so I was able to get my bearings. We turned left here on Ashford. We did not have eyes on them at this point so I don't know if they stopped at this stop sign. At this point I saw them turn left. We slowed at the first street (Marlesta). I saw PT Cruiser, but I knew it (suspect vehicle) wasn't a PT Cruiser. The PT Cruiser stopped and flagged us down and was pointing. Once we had eyes on them we followed them for a couple blocks.

When we had made that left on Ashford we slowed down and that's when I saw the PT Cruiser and there was another vehicle matching the one we were chasing in the front of the PT Cruiser. We saw the suspect vehicle as soon as we turned left onto Ashford. The PT Cruiser pulled to the side and flagged us down pointing in the direction of the suspect vehicle. We followed the suspect vehicle for a couple blocks before it collided.

So after turning north on Ashford we took our first left here in Marlesta. We followed them for about a block into this curve. We were 2-3 car lengths behind them before they collided. They start to veer to the right and slow. We opened our doors because we knew they were about to bail. I saw the passenger door was stuck and I saw the driver get out and run northbound towards the houses. I ran towards the driver and my partner ran towards the vehicle.

(Begin walk through of second scene)

Our vehicle is that patrol vehicle facing us (patrol SUV vehicle parked behind suspect vehicle). There was at least 1-2 turns. The driver runs up this path towards the alleyway. The driver was wearing dark (blue) cargo shorts. He had a black t-shirt and he was "tatted up". He had tattoos on his neck, forearm and hands. I ran after him and fell down. The driver jumped the fence. I had my hand on his back as he jumped over, but I did not push him. The passenger is still in the car pinned in. The driver jumped this white wooden fence. I take my handgun out and point it at him and start giving him commands to get on the ground. He is on the other side of the fence lying flat with his hands on his head. I am trying to keep eyes on my partner. Once I see my partner handcuff the passenger and walk him back to our car, I give the driver commands to jump back over the fence. He jumps back over and I put him in handcuffs. I ask him where his gun is at. He tells me it's in his right front pants pocket. I pulled the firearm from his right front pocket. He

did not point at me. I pulled it out and set it off to the side. I handcuffed him and my partner and I walked him back to our car. He didn't say anything to me.

My BWC fell down back there (on the grass). The passenger was in our backseat so we put the driver outside the car leaning against the grill. The passenger had a black hat and t-shirt, Hispanic male, facial hair, 20-30's. He may have had tattoos on his neck.

I had tried to open the gate but it was locked with a key lock. I pulled my taser out and told him I would tase him if he didn't do what I said. Once he found out he was shot in the arm he was pretty compliant.

Interview concluded at 0401 hours.

**SAN DIEGO POLICE DEPARTMENT
INVESTIGATOR'S REPORT**

DATE (occurrence): November 29, 2017

TIME (occurrence): 0009 hours

LOCATION: 3170 Armstrong Drive, San Diego

SUBJECT: OIS/Special Investigation – Case #17-044614
245(c) PC – ADW on Officer (vehicle) – Case # 17-044641
Incident #17110044899
Subject Officer: DAVIS, Jarrel #7287
Suspect: SANTANA, Jason H/M (20) 06-26-1997
Suspect: [REDACTED]

SUBJECT INTERVIEWED

Jason SANTANA
DOB: 06/26/1997

CALLOUT:

On November 29, 2017, at 0035 hours, I received a text message from Sergeant S. Shebloski directing me and the other members of Homicide Team 1 to respond to 3900 Marlesta Drive to investigate an officer involved shooting that occurred at that location. I responded to that location and arrived at approximately 0130 hours. I met with the following personnel from the Homicide Unit and the SDPD Crime Lab: Captain B. Ahearn #4060, Lieutenant M. Holden #4997, Detectives M. Weaver #6153, J. Zaldivar #5516 and A. Amado #5830 (relief). Also present were the on-call Crime Scene Specialist (CSS), A. Southerland, her trainee, L. Ney and Criminalist T. Revick.

I saw that the 3900 block of Marlesta Drive was blocked off approximately mid-block to the west and at the intersection of 7300 Batista Drive to the east. There was yellow police tape blocking pedestrian and vehicle traffic from entering the crime scene. I saw a black 2009 Acura had crashed into a parked car mid-block at 3900 Marlesta Drive. I met with the rest of my team and prepared to receive a briefing from the patrol supervisor at that location, A/Sergeant M. Kellington #6384.

BRIEFING:

Once the homicide and lab personnel were assembled, A/Sergeant M. Kellington #6384 from Western Division conducted the briefing at 0207 hours and provided the following details:

On November 29, 2017 at 0009 hours, SDPD Officer(s) Jarrel Davis #7287 and Joseph Propati #7599 advised SDPD Communications that they were out on 11-51's (field interviews) at the Kearny Mesa Recreation Center located at 3170 Armstrong Street. Officers Davis and Propati

contacted two persons that were inside a vehicle that was parked at that location. The two persons were drinking alcohol in the car. When Officer Davis conducted a VIN records check on the vehicle the two persons were in, he learned the vehicle was reported stolen. The vehicle was a 2009 black Acura TSX, 4-door with paper plates and a VIN of [REDACTED]. The two persons in the car were later identified as Jason Sanchez Santana (DOB: 6-26-1997) and [REDACTED]. [REDACTED] Santana was the driver of the vehicle while [REDACTED] was a passenger.

When Officer Davis attempted to take Santana into custody, Santana put the car into drive. Officer Davis perceived the driver was attempting to run him over so in response he discharged one round into the vehicle through the driver side window and struck Santana in the left bicep. Officers Davis and Propati pursued the suspect vehicle to 3900 Marlesta Drive where the suspects ultimately crashed into a parked vehicle.

After the suspects crashed, they ran from the vehicle, but were taken into custody after a short foot pursuit by Officers Davis and Propati. During the foot chase, Officer Davis apparently saw one of the suspects throw a firearm prior to being taken into custody.

A/Sgt. Kellington stated there were no civilian witnesses to the shooting and no other officers were involved or witnessed the actual shooting other than Officer Davis and Propati. Santana was transported to Scripps Memorial Hospital to be treated for his gunshot wound while [REDACTED] was transported to Western Division. Officer Davis and Propati also were standing by at Western Division as well.

The patrol briefing concluded at approximately 0220 hours. At the conclusion of the briefing I was assigned to interview suspect Jason SANTANA. I responded to the Homicide Office located at SDPD Headquarters. At approximately 0605 hours, I met with Detective J. ZALDIVAR #5516 and we proceeded to interview SANTANA. ZALDIVAR is familiar with [REDACTED] and SANTANA and documented them as Luni Mob/Fuck Klowns gang members. The interview was audio and video recorded. The following statement is not verbatim. SANTANA was read his rights to which he responded "Yes" and "There is nothing to really talk about. What am I charged with?"

Interview of JASON SANTANA – SUSPECT:

I was on paper for a firearm. I was in work furlough. They revoked my probation. This shit is crazy. That fool didn't even know he shot me. I was chillin. I fell asleep. I woke up and the cops were right there so I panicked.

The car is not mine. I fucked up.

(Det. Barr: We would like to talk to you about having a gun on you when you were arrested)
Yes. He probably fucked up because he was screaming. I didn't even know I had been shot. He didn't call it in or nothing until way later.

I will tell you this, I got the car from the street. I ran from the cops because I had a warrant.

(Why would you have a gun on you?) I don't know stupid mistake.

(Det. Zaldivar: I am glad you were honest with the officer) Yea, I know that fool shot me before he even knew I had a gun on me. My heart was pumping so fast.

(Why didn't you comply with the officer's in the beginning when they gave you commands?) So they shot me? Is that wrong?

I can tell you they rolled up on me and I was like, "What the fuck?" I barely noticed that they were cops and shit. I thought about it and it was either get caught right there with these new charges or try and get away. I didn't do anything crazy I just turned the fucking car on. They were already looking there was a pipe that is it no weapons or nothing.

I knew I had the warrant. The car I got. I found it on the street in [REDACTED] I don't know whose car that belongs too. Someone said here are the keys. I am not getting away with that.

I was drinking beer and smoking crystal. I was at the park. I wasn't like super drunk. I sobered up right away in a panic.

(Det. Barr: Do you remember crashing the car?) Into what? I hopped out.

(You crashed into another car and then got out and ran towards the houses) Yea

(You told the officer you had a gun?) Hell no I didn't tell him that. They didn't know. It was just a baby ass gun the size of that pen. I hopped the fence and he already said he was going to shoot me. I was like hell no don't shoot so I put my hands up. He asked me if I had anything on me and I told him I had something in my right pocket. I told him before he started flipping out.

[REDACTED] was not with me when I got the car.

(Why do you think you got shot?) I don't know I didn't do any crazy moves and reach for a weapon or pull the weapon out. He didn't even see the weapon. I would rather not talk about it.

(I leave the interview room and Detective ZALDIVAR continues to speak with SANTANA.)

What would you do? I am 20 years old with a warrant. Every case I have I run. The last thing on my mind is to hurt those officers and ruin my life. I have never seen those officers before. My heart was pumping and I was just trying to get the fuck out of there. No I didn't hit the officer. Was his camera on?

What's going to happen in court? Yea I had the gun on me, but it was nowhere ya know. I remember driving away. I don't know where I was going or what I was doing. I was trippin. I have another gun and stolen vehicle charge.

After the interview concluded, SANTANA was processed by CSS E. CASTANEDA and witnessed by Detective ZALDIVAR (see ZALDIVAR's processing report).

SANTANA was transported to Room 138 for the collection of a urine sample to test the presence of drugs and alcohol. Officer MARIOTA #6753 assisted with the collection. SANTANA provided a urine sample at approximately 0805 hours. I impounded the urine sample in room 138 under barcode 10820307.

Officer MARIOTA transported and booked [REDACTED] and SANTANA into County Jail without further incident.

Forensic Processing – Jason SANTANA

INVESTIGATION:

On November 29, 2017, at approximately 0035 hours, I was notified by Detective Sergeant Steve Shebloski #5317 of an officer involved shooting. Sgt. Shebloski directed me to respond to 3900 Marlesta Drive in San Diego.

I arrived on scene at approximately 0145 hours and joined the other members of Homicide Team I, which consisted of Sgt. Shebloski, Detectives T. Barr #5533, M. Weaver #6153, and A. Amado #5830 (relief). Acting Sergeant M. Kellington #6384 from Western Division conducted the briefing which began at 0207 hours and ended at 0220 hours.

After the briefing Sgt Shebloski assigned me to assist officers with transporting one of the males arrested at the scene to San Diego Police Department Headquarters (HQ). Once at HQ I was assigned to assist Detective Barr with interviewing the subjects arrested.

Jason SANTANA (DOB: 06/26/97) had been transported to the hospital from the scene. SANTANA was then transported to HQ. Upon arrival at HQ SANTANA was escorted to the Robbery Unit holding cell. SANTANA was then escorted to the Homicide Unit interview room. Detective Barr and I interviewed SANTANA. See Detective Barr's report for details of the interview.

As part of his search incident to his arrest I escorted SANTANA to the San Diego Police Department Crime Laboratory Forensic Processing Studio. We were met by Crime Scene Specialists (CSS) Castaneda and Martinez. I stood by while CSS Castaneda processed SANTANA, with CSS Martinez assisting.

This was not a full processing. It consisted of overall photographs, tattoo documentation, noting his current height and weight, collection of his clothing and a DNA mouth swab. I noted the start and stop time of the processing in addition to the collection times in the section below.

There is a growing awareness of the need to develop strategies to meet the needs of the ageing population. The World Health Organization (WHO) has developed a 'Global Strategy on Ageing and Health' (WHO 1999) which aims to ensure that older people are able to live in safety, health and dignity. The strategy is based on the principle that older people should be able to live in safety, health and dignity, and that the needs of older people should be met by society as a whole.

**SAN DIEGO POLICE DEPARTMENT
INVESTIGATOR'S REPORT**

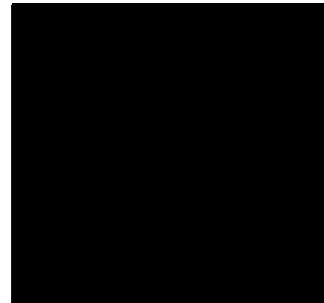

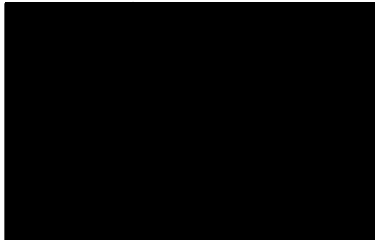

DATE (occurrence): November 29, 2017

TIME (occurrence): 0009 hours

LOCATION: 3170 Armstrong Drive, San Diego

SUBJECT: OIS/Special Investigation – Case #17-044614
245(c) PC – ADW on Officer (vehicle) – Case # 17-044641
Incident #17110044899
Subject Officer: DAVIS, Jarrel #7287
Suspect: SANTANA, Jason H/M (20) 06-26-1997
[REDACTED]

SUBJECT INTERVIEWED

CALLOUT:

On November 29, 2017, at 0035 hours, I received a text message from Sergeant S. Shebloski directing me and the other members of Homicide Team 1 to respond to 3900 Marlesta Drive to investigate an officer involved shooting that occurred at that location. I responded to that location and arrived at approximately 0130 hours. I met with the following personnel from the Homicide Unit and the SDPD Crime Lab: Captain B. Ahearn #4060, Lieutenant M. Holden #4997, Detectives M. Weaver #6153, J. Zaldivar #5516 and A. Amado #5830 (relief). Also present were the on-call Crime Scene Specialist (CSS), A. Southerland, her trainee, L. Ney and Criminalist T. Revick.

I saw that the 3900 block of Marlesta Drive was blocked off approximately mid-block to the west and at the intersection of 7300 Batista Drive to the east. There was yellow police tape blocking pedestrian and vehicle traffic from entering the crime scene. I saw a black 2009 Acura had crashed into a parked car mid-block at 3900 Marlesta Drive. I met with the rest of my team and prepared to receive a briefing from the patrol supervisor at that location, A/Sergeant M. Kellington #6384.

BRIEFING:

Once the homicide and lab personnel were assembled, A/Sergeant M. Kellington #6384 from Western Division conducted the briefing at 0207 hours and provided the following details:

On November 29, 2017 at 0009 hours, SDPD Officer(s) Jarrel Davis #7287 and Joseph Propati #7599 advised SDPD Communications that they were out on 11-51's (field interviews) at the Kearny Mesa Recreation Center located at 3170 Armstrong Street. Officers Davis and Propati

contacted two persons that were inside a vehicle that was parked at that location. The two persons were drinking alcohol in the car. When Officer Davis conducted a VIN records check on the vehicle the two persons were in, he learned the vehicle was reported stolen. The vehicle was a 2009 black Acura TSX, 4-door with paper plates and a VIN of [REDACTED]. The two persons in the car were later identified as Jason Sanchez Santana (DOB: 6-26-1997) and [REDACTED]. [REDACTED] Santana was the driver of the vehicle while [REDACTED] was a passenger.

When Officer Davis attempted to take Santana into custody, Santana put the car into drive. Officer Davis perceived the driver was attempting to run him over so in response he discharged one round into the vehicle through the driver side window and struck Santana in the left bicep. Officers Davis and Propati pursued the suspect vehicle to 3900 Marlesta Drive where the suspects ultimately crashed into a parked vehicle.

After the suspects crashed, they ran from the vehicle, but were taken into custody after a short foot pursuit by Officers Davis and Propati. During the foot chase, Officer Davis apparently saw one of the suspects throw a firearm prior to being taken into custody.

A/Sgt. Kellington stated there were no civilian witnesses to the shooting and no other officers were involved or witnessed the actual shooting other than Officer Davis and Propati. Santana was transported to Scripps Memorial Hospital to be treated for his gunshot wound while [REDACTED] was transported to Western Division. Officer Davis and Propati also were standing by at Western Division as well.

The patrol briefing concluded at approximately 0220 hours. At the conclusion of the briefing I was assigned to interview suspect [REDACTED]. I responded to the Homicide Office located at SDPD Headquarters. At 0535 hours, I met with Detective J. ZALDIVAR #5516 and we proceeded to interview [REDACTED]. ZALDIVAR is familiar with [REDACTED] and SANTANA and documented them as Luni Mob/Fuck Klowns gang members. The interview was audio and video recorded. [REDACTED] was read his rights to which he responded "Yes" and "Yea, sure".

Interview of [REDACTED] - SUSPECT:

I was with a girl. I am not going to say her name. She dropped me off at the park. I was tired and just wanted to go home. I ran into my homeboy. It was already dark when I was dropped off. My friend (Santana) offered to give me a ride. I passed out in the car and I woke up to the fucking gunshot. I remember the officer asking me a question but I was so tired. He kept telling me to keep my hands where he could see them and I was like for sure. I heard a gunshot.

I don't know why I am so tired. I did not work today. I smoked a little bit of weed. I did not drink alcohol. When I was with (Santana) he was not smoking or drinking. The officers asked me if I had any weapons and I said no.

I don't remember backing out of the parking space. I do remember the cops being behind us, but what can I do jump out? I don't know if I told him to stop or pull over. It was all so fucking fast.

He was saying, "I think they shot me." I don't know if he had a weapon on him and I don't know if he carries weapons. It has been a minute since I saw him. It's been a couple months.

I am trying to do good with my PO, but this shit is going to fuck me up.

I grew up with this guy. I knew him since he was little. I remember the crash. I thought he was going to pull over, but he got too close to the other car. We were going a little fast. I saw the cops chasing him so I was deciding if I should get out or not, but I decided to stay in the car. I couldn't get out from the passenger side so I had to climb over. The black officer was being an asshole and treating me like I was the driver. I had nothing to do with that shit.

This was my first pursuit besides when I was a baby with my mom. I don't know how long he has had that car. I haven't seen any of the homies since I got out in August. I get phone calls. When the cop shot I felt something hit my face, but I am not injured from the crash. I have never seen the car before.

I don't mess with no straps. I got a little brother I have to set the example. I am usually on the run. My first time locked up I was 11 years old. This is my first Thanksgiving with my family in 6 years. Hopefully this will be my first Christmas with the family in 10 years.

You know I just got dropped off and I was going to see if the bathrooms were open and I heard the whistle. I told him I was going to try and find a ride home and he said he got me. That's Kearny Park. The Crypts hang out there. We don't have beef with them.

(Was Santana saying anything?)

He just kept saying he thought he was shot. I don't remember if we bottomed out. I don't remember if he ran stop signs. [REDACTED]

[REDACTED] They came out and were yelling at me. I wasn't going to tell my grandparents, but I am sure they know now.

I don't know why he sat there for so long. I got in the car and passed out and woke up to the Officer's asking questions.

Interview concluded at approximately 0558 hours.

After the interview concluded, [REDACTED] was processed by CSS E. CASTANEDA and witnessed by Detective ZALDIVAR (see ZALDIVAR's processing report).

[REDACTED] was transported to Room 138 for the collection of a urine sample to test the presence of drugs and alcohol. Officer MARIOTA #6753 assisted with the collection. [REDACTED] provided a urine sample at approximately 0754 hours. I impounded the urine sample in room 138 under barcode 10820303.

Forensic Processing – [REDACTED]

INVESTIGATION:

On November 29, 2017, at approximately 0035 hours, I was notified by Detective Sergeant Steve Shebloski #5317 of an officer involved shooting. Sgt. Shebloski directed me to respond to 3900 Marlesta Drive in San Diego.

I arrived on scene at approximately 0145 hours and joined the other members of Homicide Team I, which consisted of Sgt. Shebloski, Detectives T. Barr #5533, M. Weaver #6153, and A. Amado #5830 (relief). Acting Sergeant M. Kellington #6384 from Western Division conducted the briefing which began at 0207 hours and ended at 0220 hours.

After the briefing Sgt Shebloski assigned me to assist officers with transporting one of the males arrested at the scene to San Diego Police Department Headquarters (HQ). [REDACTED] had been transported to the Western Division substation and was waiting to be transported to HQ. Officer J. Scull #7274 and I escorted [REDACTED] to a marked patrol vehicle and transported him to HQ. Upon arrival at HQ we escorted [REDACTED] to the Homicide Unit holding cell. Just prior to interviewing [REDACTED] we escorted him to the Robbery Unit holding cell. [REDACTED] was then escorted to the Homicide Unit interview room. Detective Barr and I interviewed [REDACTED]. See Detective Barr's report for details of the interview.

As part of his search incident to his arrest I escorted [REDACTED] to the San Diego Police Department Crime Laboratory Forensic Processing Studio. We were met by Crime Scene Specialists (CSS) Castaneda and Martinez. I stood by while CSS Castaneda processed [REDACTED], with CSS Martinez assisting.

This was not a full processing. It consisted of overall photographs, tattoo documentation, noting his current height and weight, collection of his clothing and a DNA mouth swab. I noted the start and stop time of the processing in addition to the collection times in the section below.

SAN DIEGO REGIONAL
ARREST/JUVENILE CONTACT REPORT

OFFICER'S STATEMENT:

On 11/29/2017, at 0020 hours, Officer J. Scull #7274 and I were dispatched to 3900 Marlesta Drive, San Diego to assist with an occupied stolen vehicle event. Officer Scull and I were wearing our San Diego Police Department patrol uniform and driving a marked patrol vehicle.

Officer Scull and I arrived at 3900 Marlesta Drive at 0029 hours. I spoke with A/Sgt. M. Kellington #6384 who directed me to transport a male subject, later identified as [REDACTED] by a California identification card, to Western Division.

I took custody of [REDACTED] from the backseat of a patrol vehicle and walked [REDACTED] over to my patrol vehicle. [REDACTED] gave me verbal permission to search his person. No weapons were found on his person. Upon searching [REDACTED], a personal use of marijuana was found on his person, including a marijuana smoking pipe and a small brown jar of hash oil. The marijuana, smoking pipe and hash oil were impounded at San Diego Police Headquarters property room under barcode #10820270, #10820271 and #10820272. A property release form for the items impounded were given to [REDACTED].

I placed [REDACTED] in the back of my patrol vehicle and transported him to Western Division.

I conducted a routine records check that confirmed [REDACTED] is on CDC Parole for 594 PC – Vandalism with a discharge date of [REDACTED]

Detective J. Zaldivar #5516 arrived at Western Division and assisted Officer Scull and I with transporting [REDACTED] to San Diego Police Headquarters to continue the investigation. Detective Zaldivar took custody of [REDACTED] when we arrived at Headquarters.

There is a growing awareness of the need to develop strategies to meet the needs of the ageing population. The Department of Health (2000) has identified the need to develop a 'new paradigm' for the care of the ageing population, one that is based on a 'continuum of care' rather than a 'dual system' of care. The 'new paradigm' is based on the principle that care should be provided in the community wherever possible, and that care should be tailored to the needs of the individual. the 1990s, the number of people in the UK who are employed in the public sector has increased by 1.5 million, from 2.5 million in 1980 to 4 million in 1999. The public sector has also become an important employer of women, with 5.5 million women employed in the public sector in 1999, compared with 4.5 million in 1980.

There are a number of reasons why the public sector has become an important employer of women. One reason is that the public sector has a high proportion of women in its workforce. In 1999, 88% of the public sector workforce were women, compared with 78% in 1980.

Another reason is that the public sector has a high proportion of women in its senior management. In 1999, 33% of the public sector senior management were women, compared with 23% in 1980.

A third reason is that the public sector has a high proportion of women in its part-time workforce. In 1999, 44% of the public sector workforce were part-time, compared with 34% in 1980.
